International Biannual Conference in Chemistry Chem 07 "Green and Sustainable Chemical Sciences and Technology"

Remove Watermark Now

The Department of Chemistry, Faculty of Science, Cairo University is hosting the International Biannual Conference in Chemistry (Chem 07) under theme "Green and Sustainable Chemical Sciences and Technology" from 5 to 7 March 2018. It is a biannual conference dedicated to promote advances in different fields of chemistry.

This conference is the seventh in the series; its purpose is to assess the current state of the art in green chemistry and discusses the role of chemical research and science policy in advancing global environmental protection and sustainable development.

Conference Aims and Objectives

The GSCST 2017: chem 07 International Conference aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Chemistry. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in all fields of Chemistry. Chem 07 will run on the following topics:

• Physical chemistry	• Advanced material and catalysis
• Theoretical and computational chemistry	• Nanochemistry and technology
• Renewable energy	• Metal catalyzed reactions
• Organic chemistry	• Inorganic and analytical chemistry.
• Green and sustainable chemistry and technology	• Green chemistry education
• Physical organic chemistry	• Chemical and biochemical sensors New methods

Call for Contributions

All honorable authors are kindly encouraged to contribute to and help shape the conference through submissions of their research abstracts, papers and e-posters. Also, high quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of chemistry are cordially invited for presentation at the conference. The conference solicits contributions of abstracts, papers and e-posters that address themes and topics of the conference, including figures, tables and references of novel research materials.

Conference Fees

Registration fees for Egyptian are LE 1000; for non-Egyptians the registration fees is \$300 for participants and \$ 150 for accompanying persons. The registration fees for any of the workshops are LE 200. The registrations fees cover the scientific meetings, lunches, closing banquet, the proceedings of the conference and a one day site seeing tour. The organizing committee honors the supreme council of universities recommendation of providing 50% discount for Egyptian Academics and Staff.

Conference Proceedings

All submitted conference papers will be blind peer reviewed by two competent reviewers. The post conference proceedings will be abstracted and indexed Conference preceding. The conference abstracts and proceedings book, CD and certificate of presentation will be distributed to participants at the conference registration desk.

Important Dates

Abstracts Submission Deadline	December 15, 2017
Notification of Acceptance	February, 1st, 2018
Final Paper (Camera Ready) Submission & Early Bird Registration Deadline	February. 15, 2018
