

**Friday 1st July 09:30-16:30**

To be held at the Royal Veterinary College, Camden Campus, London, NW1 0TU  
You are invited to join us for a **free 1-day workshop and networking event for industry and academia on:**

## Improving Learning Support For Undergraduate Bioscience Industrial Placement Years

*A series of facilitated interactive workshops and networking sessions for stakeholders in undergraduate bioscience work based learning*

### Programme:

09:30 – 10:00 Registration & Networking over refreshments  
10:00 – 10:30 Welcome & Introduction  
10:30 – 11:45 Workshops 1 & 2 in parallel, including feedback session  
11:45 – 12:15 Networking break over refreshments  
12:15 – 13:00 Presentation of RVC's HEA funded project on undergraduate industrial placement years in the biosciences  
13:00– 13:45 Lunch & Networking

13:45 – 15:00 Workshops 3 & 4 in parallel, including feedback session  
15:00 – 15:20 Networking break over refreshments  
15:20 – 16:20 Best practice group workshop  
16:20 – 16:30 Concluding remarks / Session close  
16:30 – Optional drinks in RVC's Haxby Bar for those with later trains (first round of drinks are complimentary)

### Themes for workshops to be confirmed:

- Workshop 1: Supporting students whilst on industrial placement
- Workshop 2: Effective assessment of industrial placements
- Workshop 3: Re-integration of students back into university life following an industrial placement
- Workshop 4: Horizon scanning—what do students, industry and HEIs want from industrial placements and how can we make it happen?

**To register click on <http://www.surveymonkey.com/s/BioIndustPlacement>**

*5 x £70 bursaries are available to undergraduate students to attend. Students should either be currently engaged on a bioscience placement year or have completed a placement in the previous academic year .*
