

# Nano Meets Spectroscopy (NMS) 2011

National Physical Laboratory, Teddington, London  
September 15th & 16th 2011

**This multidisciplinary event will bring together leading experts & topics in fluorescence and Raman spectroscopy with common aims in the science and technology of molecular measurements**

**Topics** Surface plasmons, Single molecules, Nanoparticles, Imaging, Biomolecules, Nanomedicine

<b>Speakers include</b>	<b>Joseph Lakowicz</b> University of Maryland	<b>David Klenerman</b> University of Cambridge	<b>John Pickup</b> Kings College London
<b>Enzo Di Fabrizio</b> Italian Inst. of Technology	<b>Debdulal Roy</b> NPL	<b>Christy Haynes</b> University of Minnesota	<b>Stefan Maier</b> Imperial College

Contributed talks & posters  
Abstract deadline  
**30<sup>th</sup> June 2011**

Student bursaries  
&  
Early bird discounts

Instrument  
exhibition

Registration, programme  
& hotels at  
[www.npl.co.uk/events](http://www.npl.co.uk/events)

## Venue

Close to Heathrow and major transport routes  
See <http://www.npl.co.uk/contact-us/directions-to-npl/>

## Organisers

David Birch, Department of Physics, University of Strathclyde  
Duncan Graham, Department of Chemistry, University of Strathclyde  
Karen Faulds, Department of Chemistry, University of Strathclyde  
Alex Knight, NPL  
Cait MacPhee, Department of Physics, University of Edinburgh

## Sponsors

SUPA, NPL, Inst. of Physics, Royal Society of Chemistry
