# Chemical Science symposium on functional organic materials

24–25 September 2019, London, UK

### About the symposium

This meeting is the first in a new series of symposia at the home of the Royal Society of Chemistry. Under the banner of our flagship open access journal, *Chemical Science*, we'll be shining a spotlight on cutting-edge chemistry research and giving it the sort of attention that drives scientific progress and makes a difference. Leading materials science researchers and emerging investigators from a broad range of backgrounds will come together to explore and celebrate the theme of the 2019 symposium: functional organic materials.

### Topics include

Chiral materials  
Porous materials and covalent organic frameworks  
Nanomaterials  
Supramolecular and polymer chemistry  
Biomaterials and bioinspired materials

<b>Exhibition stand</b>	£900
<b>Delegate pack inserts</b>	£450
<b>Programme booklet advert</b> (inside cover)	£450
<b>Drinks reception sponsor</b>	£1000
<b>Speaker dinner sponsor</b> (including up to two spaces at dinner)	£1500

### Donations

We welcome donations and will use them to enhance the delegate experience at the conference.

You will be acknowledged as supporter in the abstract book and on the conference website.

All sponsorship subject to VAT
