

Electrospinning: Principles, Practice and Possibilities 2015

3–4 December 2015
Hallam Conference Centre, London, UK

Organised by the IOP Dielectrics and Electrostatics, and Polymer Physics groups

<http://electro15.iopconfs.org/>

Electrospinning, Principles, Possibilities and Practice 2015 will reflect the multidisciplinary nature of the science involved with and supported by electrospinning.

The meeting will attract scientists from all disciplines, medical and physical sciences, engineering and application technologists.

Delegates are invited to participate in contributed lectures and poster presentations.

This two-day conference is the forth in the series of highly successful conferences held in 2010, 2012 and 2013.

Abstract submission will open shortly

Contributions for oral and/or poster presentations are invited. Abstracts of a maximum size of one side of A4 using 11pt font size should be submitted online by 30 September 2015.

To submit an abstract, please visit the website for further information <http://electro15.iopconfs.org/>

Venue

The conference will be held at the Hallam Conference Centre in central London. For further information visit: <http://www.cavendishconferencevenues.co.uk/marylebone-euston-conferencevenues/>.

Registration

Information regarding registration will be made available in July 2015. If you would like to register your interest in this event and receive an e-mail when registration is available, e-mail conferences@iop.org with your name and reference 'Electrospinning 2015'.

Conference programme

Suggestions for sessions and invited speakers are welcome – please e-mail the Conference Chair, Professor Geoffrey Mitchell geoffrey.mitchell@ipleiria.pt

Sponsorship and exhibition opportunities

If you would like the opportunity to promote your organisation to attendees of this conference (these include decision makers, scientists, students and community members) please contact the conference organiser Dawn Stewart for further information.
