

CEST 2017

15th International Conference on Environmental Science and Technology

CONFERENCE SPONSORSHIP PACKAGE

31 August- 2 September 2017, Rodos, Greece

cest.gnest.org

ABOUT CEST2017

The Analysis and Simulation of Environmental Systems Research Group (www.ases.aegean.gr) of the University of the Aegean (Greece), together with the Sanitary Environmental Engineering Division (www.seed.unisa.it) of the University of Salerno (Italy) and the Imperial College London (UK), are happy to announce the organization of the 15th International Conference on Environmental Science and Technology. The conference will be held in the Island of Rhodes, Greece from 31 August to 2 September 2017.

CEST SERIES

The International Conference on Environmental Science and Technology is one of the worldwide leading environmental conferences. This biennial conference brings together engineers, scientists, researchers, students, managers and other professionals in order to address and discuss emerging environmental issues

The previous conferences have been successful, with great participation from people involved with environmental science and technology from all over the world. The 14th Conference was held in Rhodes in September 2015. The oral presentations were in total 309 and were presented in five parallel sessions. Moreover, 195 poster presentations were available to the participants. Leading academics professionals have been invited as keynote speakers for the opening session and for special sessions that were organized.

Prince Sultan Bin Abdulaziz International Prize for Water, was the Golden Sponsor of CEST2015 following the sponsorship provided in 2013. PSIPW aims to give recognition to the efforts that scientists, inventors and research organizations around the world are making in water related fields. PSIPW acknowledges exceptional and innovative work which contributes to the sustainable availability of potable water and the alleviation of the escalating global problem of water scarcity. For this reason, PSIPW awards a suite of five bi-annual prizes, covering the entire water research landscape. The foundation was presented in the plenary session, together with a speech given by the 6th Award (2014) winner.

Thematic areas

- Ecology and ecosystems management
- Water and wastewater treatment
- Atmospheric sciences
- Advanced oxidation processes
- Solid Waste Management and Biowaste
- Emerging pollutants
- Energy technologies and sustainability
- Environmental data analysis and modelling
- Environmental management and policies
- Hydrology and water resources management
- Marine environment and coastal management
- Soil contamination and remediation
- Health and environment

Who will attend?

- Academics
- Researchers
- Students
- Engineers and scientists
- Entrepreneurs and business owners
- Policy and decision makers
- Thought leaders
- Government officials
- Top managers (CEOs, Vice-Presidents, Directors, GMs)

Keynote speakers

Susan Richardson

Topic: Emerging Pollutants

Susan D. Richardson is the Arthur Sease Williams Professor of Chemistry in the Department of Chemistry and Biochemistry at the University of South Carolina. Prior to coming to USC in January 2014, she was a Research Chemist for several years at the U.S. EPA's National Exposure Research Laboratory in Athens, GA. For the last several years, Susan has been conducting research in drinking water—specifically in the study of toxicologically important disinfection by-products (DBPs). Susan is the recipient of the 2008 American Chemical Society Award for Creative Advancements in Environmental Science & Technology, has received an honorary doctorate from Cape Breton University in Canada (2006), and was recently recognized as an ACS Fellow (2016). She also serves as an Associate Editor of *Water Research* and on the Editorial Advisory Board of *Environmental Science & Technology*, *Rapid Communications in Mass Spectrometry*, *Journal of Hazardous Materials*, *Environmental Science and Pollution Research*, and *Journal of Environmental Sciences*. Susan has published more than 130 journal articles and book chapters and has written two ongoing invited biennial reviews for the journal *Analytical Chemistry*—on Emerging Contaminants in Water Analysis and Environmental Mass Spectrometry. She has a Ph.D. in Chemistry from Emory University and a B.S. in Chemistry & Mathematics from Georgia College & State University.

Detlef Banhemann

Topic: Advanced Oxidation Processes

Prof. Dr. rer. nat. habil. Detlef Bahnemann (PhD in Chemistry TU Berlin 1981, Habilitation in Technical Chemistry Leibniz University Hannover 2012) is currently Head of the Research Unit „Photocatalysis and Nanotechnology“ at the Institute of Technical Chemistry of the Leibniz University Hannover in Germany and also Director of the Research Institute Nanocomposite Materials for Photonic Applications at Saint Petersburg State University. His main research topics include photocatalysis, photoelectrochemistry, solar chemistry and photochemistry focussed on synthesis and physical-chemical properties of semiconductor and metal nanoparticles. His more than 300 publications have been cited more than 26,000 times (h-index: 63 according to ISI).

Gerasimos Lyberatos

Topic: Solid Waste Management

Prof. Gerasimos Lyberatos is currently professor in the School of Chemical Engineering, National Technical university of Athens and a collaborating faculty member of the Institute of Chemical Engineering and High Temperature Chemical Processes (Foundation of Research and Technology Hellas). He obtained his B.S. at M.I.T. and his M.S. and Ph.D. at CALTECH (USA). His research interests are in Biochemical Engineering and Environmental Technologies for liquid and solid waste treatment and valorization. He has over 170 publications in International refereed Journals, and over 250 participations in International Conferences, 9 Chapters in books and two books. He has supervised 33 PhD theses. He has organized two International Conferences. Prof. Lyberatos is Editor of the Journal of Hazardous Materials (Elsevier), Associate Editor of Waste and Biomass Valorization (Springer), Associate Editor of GNEST and is also coordinator in a graduate programme on “Solid Waste Management” of the Hellenic Open University.

Why sponsoring CEST2017?

- ✓ Promotion of your corporate social responsibility
- ✓ Promotion of your company in targeted audiences
- ✓ Expansion of your professional networks
- ✓ Future research and development partners
- ✓ Staff training
- ✓ Recognition as a forward-thinking company

PLATINUM SPONSOR

10000 Euro

1. Announcement of the platinum sponsorship in CEST mailing list (approx 30000 recipients from 60 countries) with a message containing only this subject
2. Logo next to CEST logo on all general signs at the conference venue and in all the announcements
3. Logo next to CEST logo in the front of any printed or digital conference promoting material
 - Website
 - Dissemination mail messages
 - Pens
 - Badges
 - Conference bags
 - Notepads
 - Coffee break, lunch and dinner vouchers
 - Conference banners
 - Conference poster
 - Conference programme
 - Conference proceedings
 - Abstract book
 - USB sticks
4. Reference to the Final Program – Proceedings of the Conference as Platinum Sponsor
5. Free space in the conference secretariat area with a desk for placing your advertising material and banner/poster
6. Logo in CEST Newsletters next to the conference logo. They are sent monthly to the mailing list of CEST2017 (approx 30000 recipients from 60 countries)
7. Advertising material in the conference bags (approx 500 bags)
8. Registration fees and free participation to all social events for up to 4 persons. Free tickets for coffee, lunch and dinner for up to 4 accompanying persons
9. 50% discount to the registration fees for additional registrations of your company's employees
10. A presentation promoting your company's activities in a special session

GOLD SPONSOR

5000 Euro

1. Announcement of the golden sponsorship in CEST mailing list (approx 30000 recipients from 60 countries) with a message containing only this subject
2. Logo in printed or digital conference promoting material
 - Website
 - Dissemination mail messages
 - Conference banners
 - Conference poster
 - Conference programme
 - Conference proceedings
 - Abstract book
3. Reference to the Final Program – Proceedings of the Conference as Golden Sponsor
5. Free space in the conference secretariat area with a desk for placing your advertising material and banner/poster
5. Logo in CEST Newsletters next to the conference logo. They are sent monthly to the mailing list of CEST2017 (approx 30000 recipients from 60 countries)
7. Advertising material in the conference bags (approx 500 bags)
8. Registration fees and free participation to all social events for up to 2 persons
9. 50% discount to the registration fees for up to 10 additional registrations of your company's employees
10. A presentation promoting your company's activities in a special session

SILVER SPONSOR

2000 Euro

1. Logo in printed or digital conference promoting material
 - Website
 - Dissemination mail messages
 - Conference banners
 - Conference poster
 - Conference programme
 - Conference proceedings
 - Abstract book
2. Reference to the Final Program – Proceedings of the Conference as Silver Sponsor
3. Space for placing your advertising material in the secretariat desk
4. Logo in CEST Newsletters next to the conference logo. They are sent monthly to the mailing list of CEST2017 (approx 30000 recipients from 60 countries)
5. Advertising material in the conference bags (approx 500 bags)
6. Registration fees and free participation to all social events for 1 person
7. 50% discount to the registration fees for up to 5 additional registrations of your company's employees
8. A presentation promoting your company's activities in a special session

SPONSOR

1000 Euro

1. Logo in printed or digital conference promoting material
 - Website
 - Dissemination mail messages
 - Conference programme
 - Conference proceedings
 - Abstract book
2. Reference to the Final Program – Proceedings of the Conference as Sponsor
3. Logo at the web page of the Conference
4. Logo in CEST Newsletters next to the conference logo. They are sent monthly to the mailing list of CEST2017 (approx 30000 recipients from 60 countries)
5. 50% discount to the registration fees for up to 5 registrations of your company's employees

Some more ideas*

Award sponsor

Promote your company by awarding a presentation in a session of your interest

Event sponsor

Welcome cocktail party, lunch break, wine tasting

Conference material

Cover the expense of the material provided to the conference delegates (bags, pens, notepads, USB sticks)

Cover the travel and accommodation expenses of an invited speaker

CEST will be happy to host a speech given by a distinguished scientist. Please contact us for more details

Sponsoring the drinks in the award ceremony

The award ceremony will take place in the closing session of CEST. Stay tuned because it will be a glorious event!

* For the benefits of the above sponsorship suggestions, please contact us (cest@gnest.org) and you will get a tailor-made sponsorship package

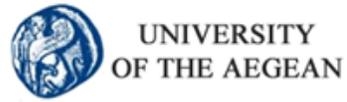

Golden sponsor for CEST2013 and CEST2015
