

# International Year of Chemistry 2011: Captivating Chemistry

**Science**  
LEARNING CENTRES

Impact Award bursary of £350 available. See reverse for details.

The International Year of Chemistry 2011 (IYC2011) is a worldwide celebration of the achievements of chemistry and its contributions to the well-being of humankind. Under the unifying theme "Chemistry - our life, our future" IYC2011 will offer a range of interactive, entertaining, and educational activities for all ages.

The goals of IYC2011 are to increase the public appreciation of chemistry in meeting world needs, to encourage interest in chemistry among young people, and to generate enthusiasm for the creative future of chemistry.

To support teachers in meeting these goals, the Science Learning Centre Yorkshire and the Humber, supported by the Royal Society of Chemistry, has developed an innovative collaborative project.

In the first phase of the project, we will be holding a workshop in which teachers can work together, supported by chemistry experts from the Science Learning Centre Yorkshire and the Humber and the Royal Society of Chemistry, to develop innovative and engaging classroom chemistry activities.

Teachers who attend the workshop will be designated IYC2011 Lead Teachers for the region, thus supporting them in later phases of the project: showcasing the activities in their schools, wider involvement in IYC2011 and teaching chemistry regionally and nationally.

Classroom activities developed during the workshop will be shared with other teachers via the Science Learning Centre network's online hub.

To take part in this event you can book online at our web portal, fax or post the booking form overleaf or call us on 0114 225 4891

## IYC2011: Captivating Chemistry

### Participants will be able to:

- ▶ develop their understanding of chemistry and of collaborative approaches to curriculum development
- ▶ share ideas, develop and trial engaging classroom chemistry activities
- ▶ become an IYC2011 Lead Teacher for the region
- ▶ showcase careers in chemistry and other STEM subjects in their teaching

<b>Code</b>	YHE10011
<b>Ideal for</b>	Teachers of Key Stage 2 and Key Stage 3 science
<b>Age group</b>	7-14 years
<b>Length</b>	1 day + further ongoing support
<b>Date</b>	09 Mar 2011
<b>Venue</b>	Science Learning Centre Yorkshire & the Humber
<b>Course fee</b>	Free to teachers

For more information or to book online visit [www.slcs.ac.uk/yh](http://www.slcs.ac.uk/yh) and search for course code YHE10011

An Impact Award bursary of £350 is available for eligible participants of this event. This includes £200 to cover any costs involved such as travel and supply teacher cover, plus £150 for teacher development. Teachers from maintained schools in England are eligible and the award is paid to their school after the event.
