

# Synthesis and Applications of Labelled Compounds

International Isotope Society, (UK Group) Seventeenth Annual IIS, (UK Group) Symposium

**Thursday October 9<sup>th</sup> 2008**  
**at The Wellcome Trust Genome Campus, Hinxton, Cambs.**

## TOPICS INCLUDE

- Organic Synthesis Using Carbon-14
- Synthesis with Stable Isotopes
- PET Chemistry (carbon-11, fluorine-18)
- Carbon-14 Labelled Building Blocks
- New Chemical Methods
- Labelling of Biomolecules

## please complete and return

I will be attending the IIS-UK Group meeting on 9<sup>th</sup> October 2008  
I enclose £65.00 (£20.00 for students) which includes registration and buffet lunch

Surname.....

First name.....

Title.....
