

WORLDWIDE  
**DISTILLED SPIRITS**  
CONFERENCE  
**2011**

*Science & Sustainability*

The Organising Committee of the Worldwide Distilled Spirits Conference are delighted to announce the dates for the 2011 conference!

WDSC 2011 will be held at the Hilton Hotel Glasgow from

**12– 15 September 2011**

*Put the dates in your diary!*

The overall theme of the Conference is “Science and Sustainability”  
featuring an innovative Conference Programme exploring  
the following themes:

**Distilling Industry Resources:**

Maximising utilisation, guaranteeing the supply chain

**Yeast and Fermentation:**

Improving control and performance

**Distillation:**

Benefitting from new technology

**Flavour Science:**

Maintaining consistency and exploring new possibilities

**Energy:**

Improving efficiencies and utilising “waste” streams

**Environmental Impact:**

Reducing the environmental demands of the industry

**Global Issues:**

Using science to meet external threats such as counterfeiting and legislation

Concurrently, the exhibition will feature suppliers supporting the entire value chain from raw materials to packaging and distribution.

Come and exchange ideas and information with fellow delegates and exhibitors.

A number of sponsorship opportunities are available. For further information on sponsorship or to secure an exhibition stand please visit the website or contact [industry@wdsc2011.org](mailto:industry@wdsc2011.org)

Please join our mailing list to receive regular conference updates. Visit our website for details!
