Faraday joint interest group conference 2023

3–5 April 2023, Sheffield, UK

Organised by the Faraday Division and associated Interest Groups of the Royal Society of Chemistry, this popular conference attracts between 300 and 400 delegates, including some of the top UK and international researchers working in physical chemistry. With topics including digital chemistry and machine learning, astrochemistry, and solar energy and sustainability, the conference presents an opportunity to hear the latest research at some of the most exciting frontiers of physical chemistry.
