Chemical biology symposium 2026

11 May 2026 | London, UK

This symposium will showcase the state of the art in chemical biology, bringing together the wider community with leading national and international experts in the field. The programme will explore all aspects of chemical biology and highlight the wider scope and impact of the field. Additional aims of the event are to stimulate research collaboration, networking and engagement within the chemical biology community, as well as with those in related disciplines.

Approximate delegate numbers: 120
