Data protection top tips

Time is of the essence
As soon as you notice that personal data has been lost, stolen or made available to the wrong people, report it to networks@rsc.org with as much information as possible, even if you’re not completely sure; this is a reason to be concerned. We have 72 hours to report breaches. Refer to our GDPR guidelines for our member networks to learn more.

Consider whether you have the right to process an individual’s personal data

There are six lawful bases for processing an individual’s personal data:

- Consent: the individual has given clear, consent for us to use their data for this specific purpose
- Contract: processing is necessary to fulfill the terms of our contract with this individual
- Legal obligation: we need to process the data to comply with the law
- Public interest: the processing activity is necessary in order to act in the public interest or to fulfill an official function
- Legitimate interest: it is in our legitimate interests to process the data providing this doesn’t override the interests of the individual

Look after the data you have access to
Before we are able to provide you with data, you will need to complete our “data compliance form” which asks for your personal data in a secure place. Lock your PC (Windows logon) and don’t leave laptops unattended. Set meetings as private if collector entries or their attachments contain personal data.

Contracts

Under £10,000
Over £10,000 or budgets over £15,000

To ensure this process is as quick as possible, please send the following documents to networks@rsc.org:

- Contract(s), including T&Cs
- Completed Legal Questionnaire
- Data contract(s) need to be signed

ASAP

- Contract(s), including T&Cs
- Completed Legal Questionnaire
- Completed RSC Form
- Available for download at rsc.org/FormsDocuments
- Data contract(s) need to be signed

Contract Negotiations

Our expert Legal Team will liaise directly with the venue to negotiate the T&Cs of the contract. The committee member responsible for the contract will be kept informed of the process.

2 weeks

Contract Signing

The Networks Team will arrange for the contract to be signed internally and then by the venue

1-2 days

MCB Approval

Once the negotiations are complete, the Networks Team will send all supporting documents to the Member Communities Board for approval

2 weeks

Contract Signing

Once approval is received, the Networks Team will arrange for the contract to be signed internally and then by the venue

1-2 days

Please do not hesitate to contact us if you have any questions networks@rsc.org and legal.service@rsc.org

You can also find them online: rsc.org/FormsDocuments
We want your feedback

We need your feedback to develop support and resources for you. Please email networks@rsc.org if you have any suggestions for any of the following:

- What training can we provide for committees? And how would you like to receive it?
- What support do you need for conferences or events?
- How can we improve the Networks Newsletter?

Our brand evolution

We needed our brand to better match our ambitions, and to reflect changes here and in our markets.

We have evolved our brand, building on the recognition and trust we have built within our community, and making sure the brand works for us in a digital world.

Data protection top tips

Reduction
• We need to minimise the privacy impact for our members – don’t collect any data you don’t need!

Transparency
• Be open and clear about why you are collecting personal information and how you plan to use it

Accountability
• Keep a record of when and why you contact members

Annual Reports

Aurora Walshe
24 July 2019
Why do we need Annual Reports?

• So that we can collate data on all of your events and present to MNC and MCB
• We can use this information to develop resources for you
• The Annual Reports can be used to show your members what you’ve done recently
Changes to the Annual Report form

2018 form – recording 2017 events:

The 2018 form had suggested event types, but the form was free text and without compulsory sections, which made it difficult to collate and cross-reference the data.

The 2018 form had no information about the target audience, so we had no way of knowing who these events were for.
Changes to the Annual Report form

2019 form – recording 2018 events:

Event Types:
- Award Lecture
- Education Event
- Networking Event
- Outreach Event
- Public Lecture
- Scientific Meeting (half-day, one-day or multi-day)
- Social Event
- Training/Workshop
- Other

Audience:
- Academics
- Consultants
- Early Career
- Industrialists
- Members of the public
- Postgraduates & PhD students
- Retired members
- School students
- School teachers
- Technicians & Support staff
- Undergraduates

We asked for information about the target audience of your event

We provided drop down menus to make it easier for us to collect consistent data

If you wish to include more detailed information about any particularly successful events or advice to share please do so in the provided space. Please append electronic copies of any meeting reports, newsletters or relevant materials to this report.

For additional events please copy and paste the table and continue as necessary.

This information helps us understand the scale of your events and the type of support you might need

We would like to know when your events are so that we can (1) plan when you need the most support, and (2) ensure that there are no conflicts with centrally organised events.
Your feedback

We received feedback from member network Secretaries who returned 2018 Annual Reports and from Local Sections during Regional Steering Groups

- The categories set out for events are too rigid and do not represent reality
- I found the categories for attendees unhelpful as most of our events are targeted at members of shapes and sizes
- In future versions can the “target audience” bit for the meetings / future meetings have an “all of the above” option?
- The use of pre-populated boxes on the form made it impossible to provide answers in all the spaces indicated
The 2019 Annual Reports will be submitted using an online form. We are currently building and testing this, and hope to create a bespoke online portal for next year’s reports.

In the meantime, here are some of the changes we want to make:

• Increased flexibility for audience and event types
• Prioritising inclusion and diversity within the form
More flexibility

New question layouts will allow you to select multiple options for event and audience type.
This will give you more options and greater flexibility, although we are looking to streamline this further.
Prioritising diversity & inclusion

Currently we ask you for diversity & inclusion information on the last page of the form:

**Diversity & Inclusion**

*Please ensure this section is completed*

Our trustees are aiming to embed diversity and inclusion in all of our activities and networks. Section 8 of our [online network handbook](#) contains more information to support our networks in achieving this and our Diversity team have [online Guides for Networks](#) that include actions and considerations for committees, and guides for inclusive communications and running inclusive events.

Please comment on how your group is showing that it has embraced Diversity and Inclusion within its practices. If you have diversity data from your events or activities, please include this information above.
We want you to tell us what steps you are taking to make your events inclusive and to encourage diverse participants and audiences.

Going forward, we will ask for this information for each event.

We recently adopted the following recommendations for Meetings, Conferences and Events in order to achieve genuine inclusion and diversity:

- improve the representation of diverse speakers, chairs and attendees in order to reach our target of one third women speakers, chairs and attendees
- improve the representation of diverse speakers, chairs and attendees in order to reach our target of one fifth ethnicity and international diversity at all events
- include a diverse team of individuals in the organisation of any meeting, conference or event managed or supported by the RSC to provide balance in decision-making and reduce risk of bias. Any sole organiser of events must consult with at least two others preferably with diverse backgrounds and experiences
- ensure that event registration is inclusive and considers all potential registrants
- ensure that venues are accessible and consider all potential attendees in the organisation.

Our Diversity team have online Guides for Networks that include actions and considerations for committees, and guides for inclusive communications and running inclusive events.

Does your event comply with these recommendations?

- Yes
- No

We appreciate that these recommendations are ambitious and it may not always be possible to achieve all of these conditions. Please provide any additional information you might have about the diversity of your speakers/audience and the steps you have taken to be inclusive:

GoToMeeting

- Improves access to meeting
  - Computer (VoIP) and phone compatible
- Share your webcam
- Share your screen
  - Present your meeting agenda

Why not try it at your next committee meeting?
Present to a wide audience online
Engage with the audience using chat, polls and handouts
Record your webinar and share the recording with your network

Why not try it for a future event?
How to book

Step 1: Visit www.rsc.org/FormsDocuments

Step 2: Complete the form and return it to networksmeetings@rsc.org

We will schedule your meeting for you and send you the access/registration details.

Step 3: Share the details for your meeting or webinar with your network

### Governance and committees

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>How do Interest Groups and Divisions interact?</td>
<td>Representatives from the Interest Groups and Divisions sit together on the Member Communities Board. We actively encourage Divisions to identify Interest Groups with interests overlapping with their own and to interact with them. Please note that while some groups overlap with more than one Division, some might not overlap with any.</td>
</tr>
<tr>
<td>How can communication about funding for Interest Groups be made more transparent?</td>
<td>You will find in your delegates’ bags a handout that includes all of the forms of funding available to member networks from RSC grants and programmes. This handout can be downloaded from rsc.org/formsdocuments. We ask that you please take these mechanisms into account when planning your annual budget and plan accordingly. In particular, please take note of the deadlines and follow the guidelines – we have designed the application processes with transparency and fairness in mind and we ask that you please follow the guidelines.</td>
</tr>
<tr>
<td>How can we recruit members from specific demographics to the committee (e.g. early career, industry, etc.)?</td>
<td>If you realise that your committee has a gap in its representation, you can open a call for committee members to your membership asking your members to put themselves forward. You can find the template for the e-alert to open a call on rsc.org/formsdocuments. We have prepared a handout that outlines the elections process. This clarifies the steps of the election process and the responsibilities of the committee members and Networks team. This is available to download from rsc.org/formsdocuments. Regarding inclusivity for member network committees: please note that any member can be a member of a committee, including Student and Affiliate members. We are continuously looking for ways to make it easier for members to join committees and take part in committee activities – for example, dialling in through GoToMeeting might be easier than travelling. It is also important to remember that committee members can claim travel expenses for meetings.</td>
</tr>
<tr>
<td>Are committee terms of office enforced?</td>
<td>While we value the wealth of knowledge from experienced committee members, it is essential to encourage a turnover on our committees to benefit from the wider, diverse community.</td>
</tr>
</tbody>
</table>

**RSC Grant and Programmes**

- [rsc.org/formsdocuments](http://rsc.org/formsdocuments)
The Rules and Guidance Notes for Member Networks outline the current guidance for terms of office. It is important to note that there is a level of flexibility included in these rules: if your committee struggles to recruit a new member to replace Volunteer X, or if the committee feels that Volunteer X is needed to remain on the committee to ensure the continuation of activities, then a proposal can be sent to Member Networks Committee for approval to extend Volunteer X's term of office by 1 year.

The Networks team can help you to open a call for committee members and hold an election. You can find the template for the e-alert to open a call on rsc.org/formsdocuments.

### Interest Group engagement and collaboration with RSC activities

<table>

<tbody>
<tr>
<td>Can we work closer with RSC publications?</td>
<td>We are looking for ways to encourage better overlap and collaboration between RSC Publishing and Interest Groups.</td>
</tr>
<tr>
<td></td>
<td>We are working with Chemistry World to include advertising for Interest Group events online and in the magazine, and with Education in Chemistry to identify opportunities to promote education Interest Groups on their new digital platform.</td>
</tr>
<tr>
<td>How can we promote the Education Division and educational Interest Groups to members who join through the LearnChemistry partnership?</td>
<td>When a school signs up to the LearnChemistry Partnership they receive one free membership for a teacher or member of staff at the school. It is important to note that members who become members because of the LearnChemistry Partnership receive the same Interest Group notification email two weeks after they join as all new members do.</td>
</tr>
<tr>
<td></td>
<td>We are looking into mechanisms of communication to promote Interest Groups within the LCP scheme, for example, via the LCP newsletter.</td>
</tr>
<tr>
<td>What is being done to promote benefits of RSC professional recognition among employers in industry and how can Interest Groups help?</td>
<td>The Chartered and Registered programmes are coordinated by the RSC Accreditation and Careers team. The team has a devoted strategy centred on promoting the CChem and RSci programmes, which includes generating industry links and working with the RSC Careers Management service.</td>
</tr>
<tr>
<td></td>
<td>We have been working on a general update about the programme for the Networks Newsletter, and a specific update for Interest Groups about how you could engage with the programme. However, the team member we were working with has since gotten another role in the organisation. We plan to work with her replacement in the coming weeks and months. Any information we receive will be shared via email or in the Networks Newsletter.</td>

**Emails to members and Data Protection**

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Is there anything we can do about data preferences for emails?</td>
<td>We are aware that this is a big issue for our networks, and it is something that we are working on. In the meantime, please note that <strong>targeted communications</strong> can lower unsubscribe rates. Please tailor your mailing list to the subject of the event, not necessarily to overlapping Interest Group communities.</td>
<td></td>
</tr>
<tr>
<td>If someone registers for an event on your behalf and doesn’t “opt in” to communications, can this unsubscribe you from emails?</td>
<td>Yes. Under the current data protection legislation, we require consent to email members. If someone does not opt in to communications, our system will unsubscribe them.</td>
<td></td>
</tr>
<tr>
<td>Why can’t we know who our members are?</td>
<td>You can: we can send you anonymised demographic reports that contain age, gender, geographical and career stage and employment type breakdowns. You can request a report from <strong><a href="mailto:networks@rsc.org">networks@rsc.org</a></strong>.</td>
<td></td>
</tr>
<tr>
<td>Why can’t we contact our members?</td>
<td>We can let you have the contact details to email your members directly but we do ask that you familiarise yourself with the data processing guidelines and requirements to ensure that you remain compliant. Our processes can be found at <strong>rsc.org/formsdocuments</strong>.</td>
<td></td>
</tr>
<tr>
<td>Why can’t we email all of our members through the networks team? People are not receiving information about their Interest Groups.</td>
<td>We know that we have issues with our mass email system and our email preferences and there is an ongoing project to improve our membership database and to improve our communication channels to ensure that Interest Group members are receiving all of your messages.</td>
<td></td>

<th>Question</th>
<th>Answer</th>
<th></th>

<tbody>
<tr>
<td>Organising contracts for meetings is becoming rather time-consuming. Does the RSC have a list of venues that are “approved” or that they have existing arrangements with?</td>
<td>The Terms &amp; Conditions are negotiated with venues each time, however, the process has been streamlined so that the RSC Legal team now focus on three key aspects of the T&amp;Cs: - Data protection - Liability cap - Insurance This has sped up the process considerably. One way that you can speed up the process is by checking with your desired venue what the liability is for hiring that venue. If the liability is uncapped or unlimited, then extra consideration will be needed before we can approve a contract for an event there.</td>

| **Are there examples of success in attracting and engaging with younger people at earlier stages of their career?** |
| Yes, and hopefully you can learn more about this and learn from each other during this afternoon’s session. |
| It is important to proactively identify your early career members and support them with relevant events. We can provide information about the demographics of your Interest Group so that you can see where your members are and where they work. We can also help you recruit early career members to your committee – committee membership should be recognised as a development opportunity for early career members. |

| **How can we increase our outreach activities?** |
| This depends on what type of outreach you would like to do and for what purpose. Please note that the purpose of an Interest Group is to support their community, so outreach activities aimed at enthusing children about science might be better supported or run through your Local Section. |
| If you would like to promote your subject to the public or to children, then we might be able to help you to develop resources by connecting you with our Education team or regional Education Coordinators and our Outreach team. |

### Interest Group Forum 2019

We have had difficulties with getting regular website updates…

All member network pages are updated by the Networks team (Fiona, Becky & Aurora). We do try to do some updates each week, however the system is old and what seems like a small change can take a long time. Unfortunately, this means that we do not have the capacity to make all of the updates as and when they come in. We prioritise obituaries and, where possible, time sensitive updates.

We are aware that this is a frustration for you and we are trying to do more.
