

Figure S1
Selectivity / Sensitivity values for the harsh cleaning associated to RFE analysis

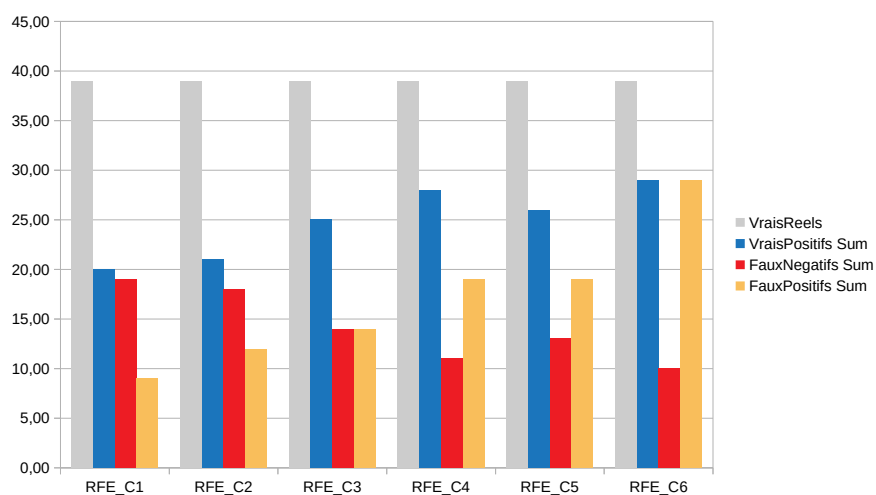

Figure S2
Selectivity / Sensitivity values for the harsh cleaning associated to Linear Regression analysis

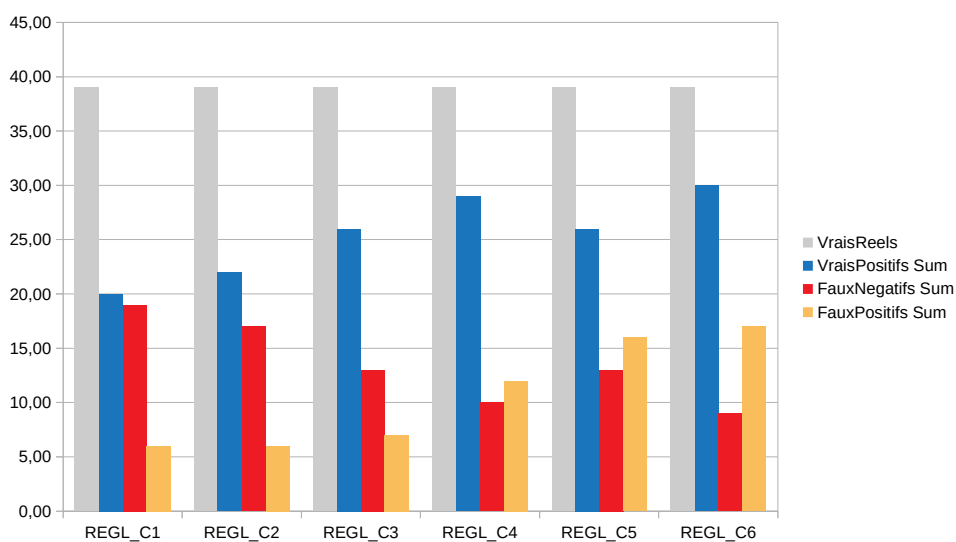

Figure S3
Selectivity / Sensitivity values for the medium cleaning associated to RFE analysis

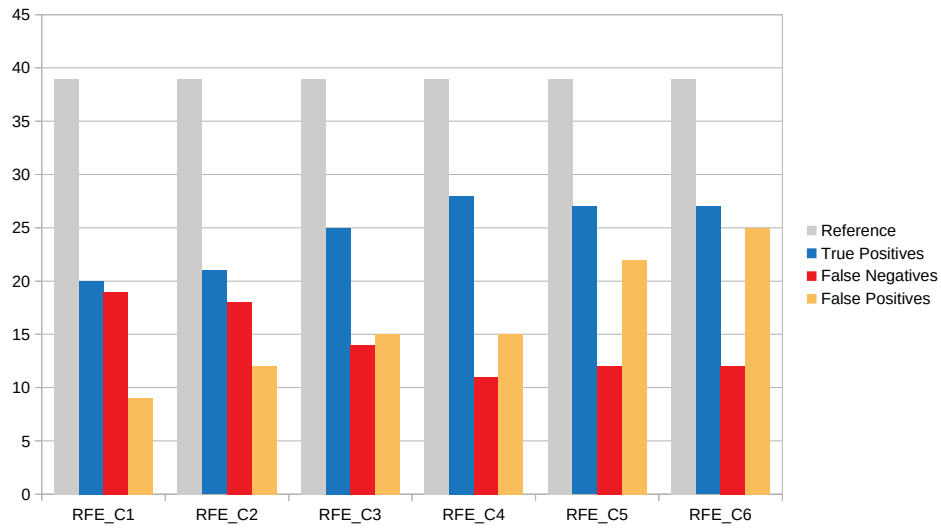

Figure S4
Selectivity / Sensitivity values for the medium cleaning associated to Linear Regression analysis

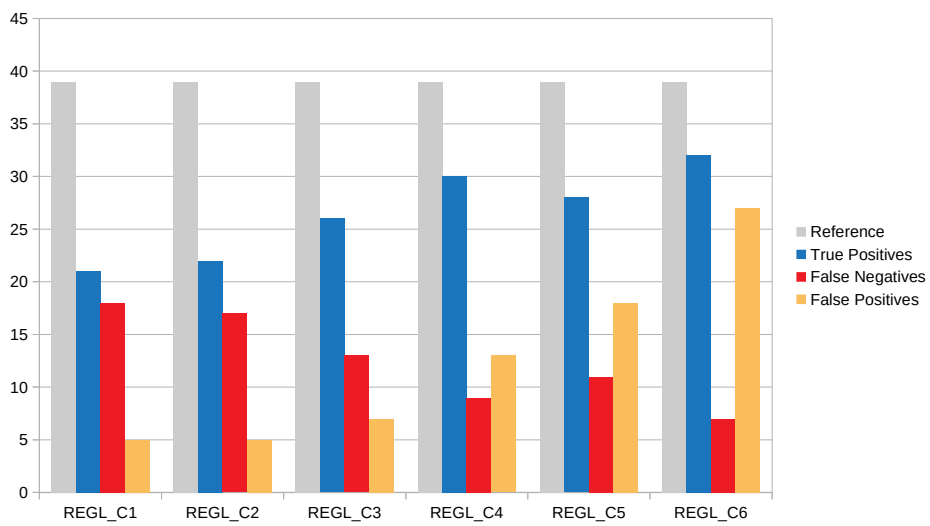

Figure S5
 Selectivity / Sensitivity values for the mild cleaning associated to RFE analysis

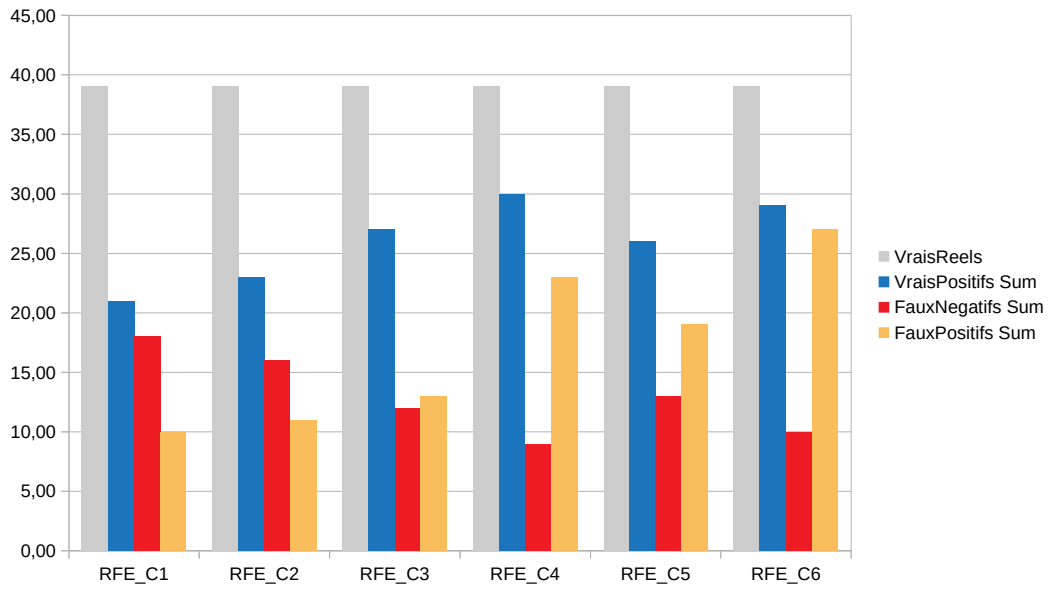

Figure S6
 Selectivity / Sensitivity values for the mild cleaning associated to Linear Regression analysis
