

## Electronic Supplementary Information

### Quantum Dot-Polymer Conjugates for Stable Luminescent Displays

Sushant Ghimire, Anjali Sivadas, Ken-ichi Yuyama, Yuta Takano, Raju Francis, Vasudevanpillai Biju

**Figure S1:** PL intensity trajectory of a QDs in solution state recorded for 72 hours under room light for 10 h intervals showing the photostability of the QDs.

**Figure S2:** PL spectra of QD solution at room temperature and 373 K.
