**Fig. S1** Schematic structure of electric circuit to remove the triboelectric effect of the piezoelectric sensors.

Supplementary Movie. 1 Movie showing the behavior of pressure by a finger touch.

Supplementary Movie. 2 Movie showing the behavior of pressure by a pen touch.

Supplementary Movie. 3 Movie showing the press on the sensor device.

Supplementary Movie. 4 Movie showing the current signal of a MAPbI<sub>3</sub> sensor device measured with a DP55054 oscilloscope connected to an SR570 A-amplifier.
