<sup>b</sup>Laboratorio de Físicoquímica Biológica, Facultad de Ciencias, and <sup>c</sup>Centro de Investigaciones Biomédicas (CEINBIO), Universidad de la República, Montevideo, Uruguay.

**Figure S1.** Reported and simulated plots of Rate vs [Substrate]. A and C are plots reported in <sup>1</sup> and <sup>2</sup>, respectively. B and D were generated from the kinetic parameters reported in the same articles, we kept the same scale in y to facilitate the comparison.
