**Supplementary Material (ESI)**  
(5 pages)

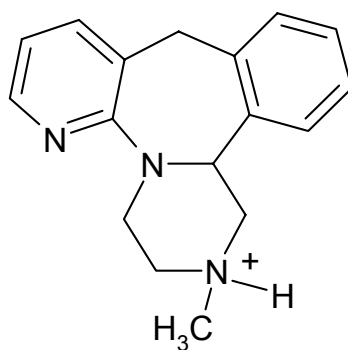

**Fig.1** ORTEP diagram of haloperidol saccharinate.

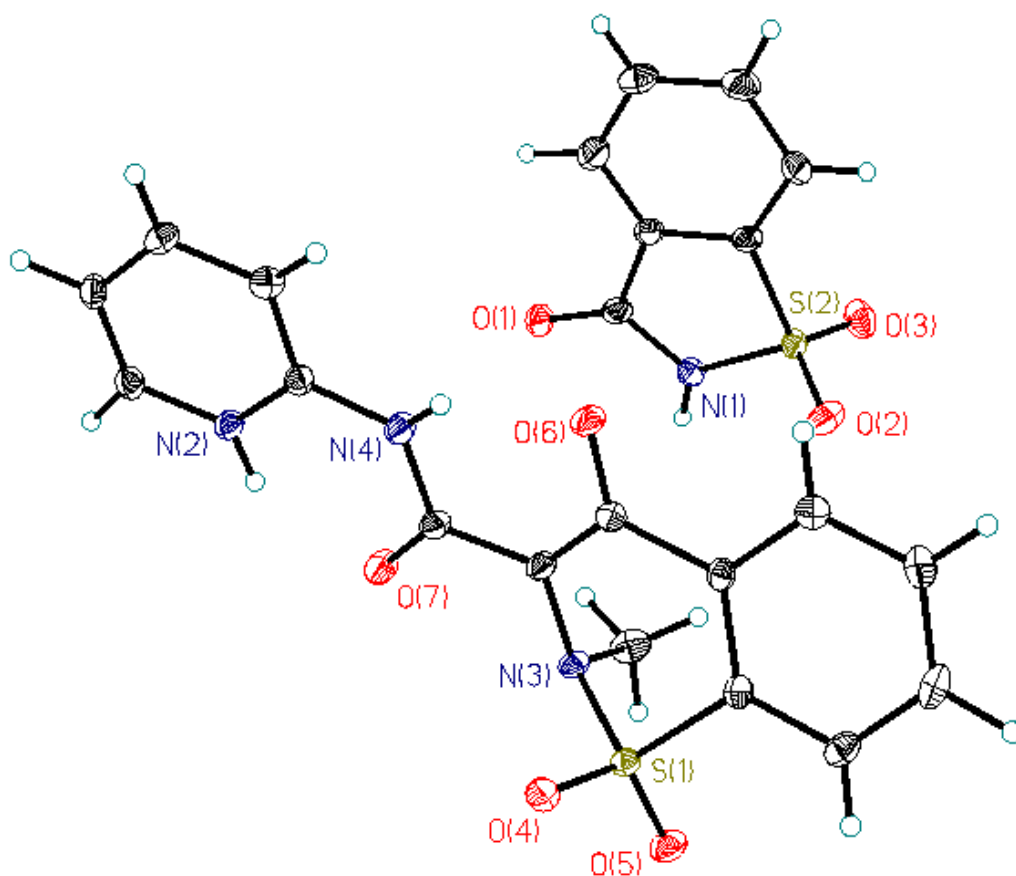

Haloperidol molecule as found in its saccharin adduct.

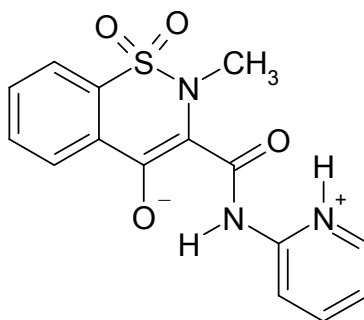

**Fig.2** ORTEP diagram of mirtazapine saccharinate.

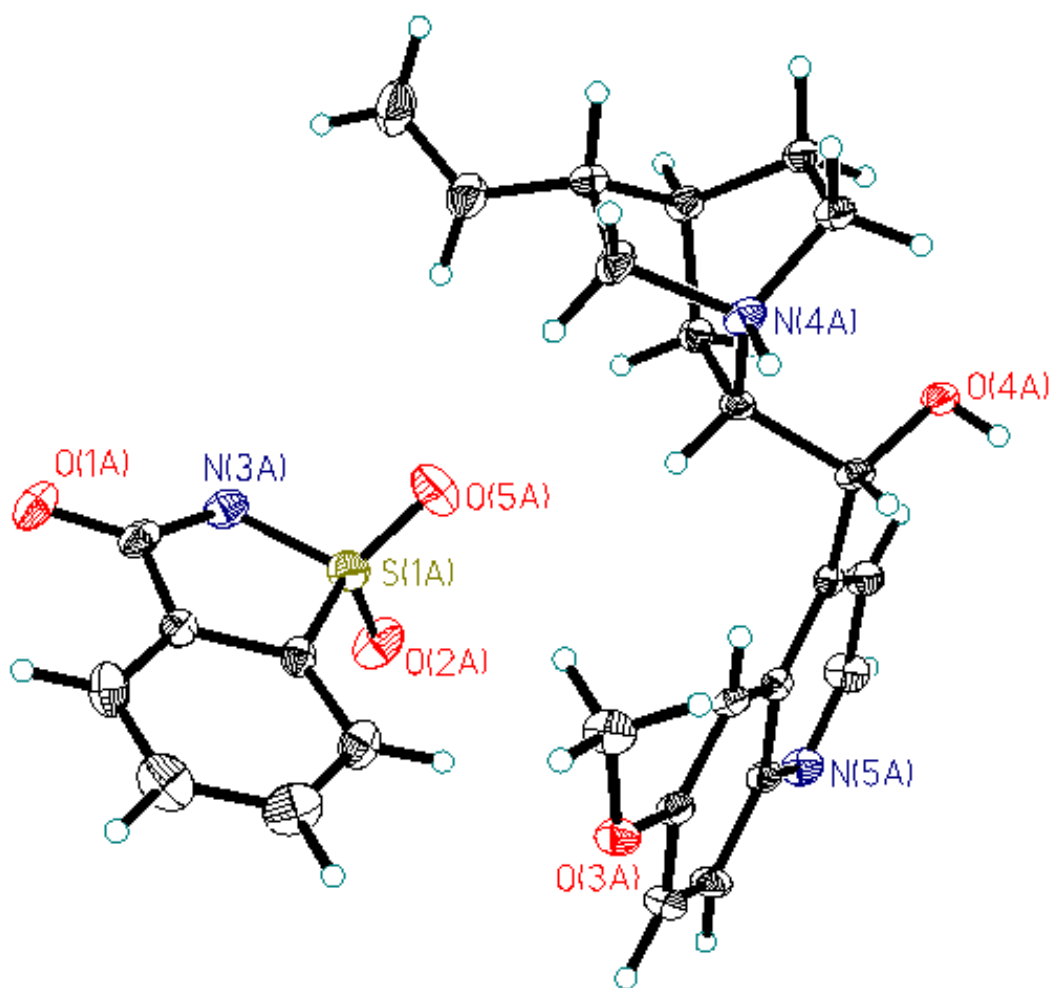

Mirtazapine molecule as found in its saccharin adduct.

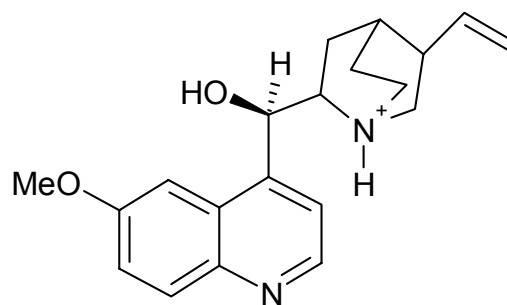

**Fig.3** ORTEP diagram of piroxicam–saccharin.

Piroxicam molecule as found in its saccharin adduct.

**Fig.4** ORTEP diagram of quinine saccharinate.

Quinine molecule as found in its saccharin adduct.
