

Solvent-free synthesis of a microporous metal-organic framework

Anne Pichon, Ana Lazuen and Stuart L. James*

School of Chemistry, The Queen's University of Belfast, David Keir Building, Stranmillis Road, Belfast, Northern Ireland BT9 5AG, UK. Email: s.james@qub.ac.uk

Supplementary information

S1 Comparison of XRPD patterns from samples of material 1 prepared by 1 and 10 minutes grinding. The 1 minute sample had been left to stand for 24h before obtaining the XRPD pattern.
