

Supplementary Information

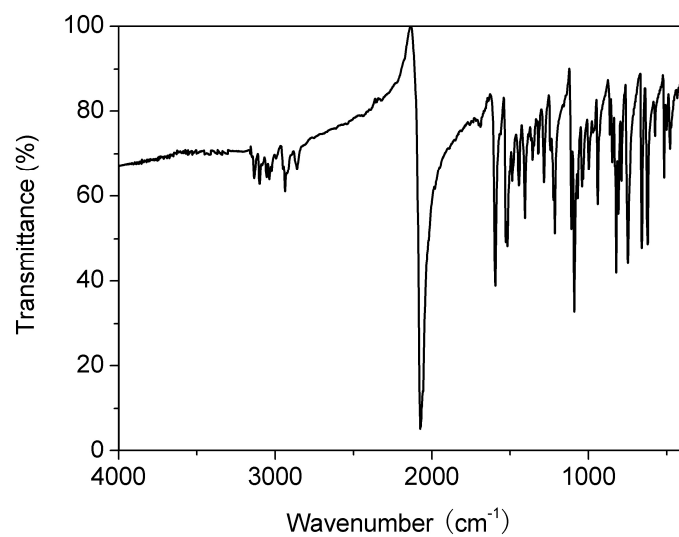

Fig.S1. IR spectra for compound **1**.

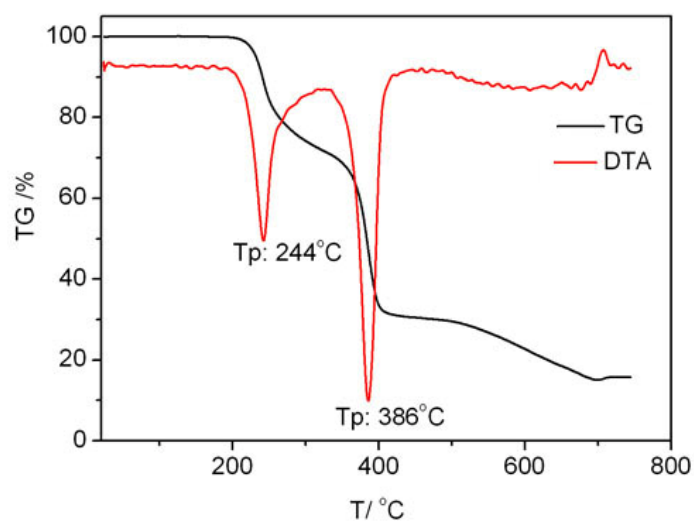

Fig.S2. The TGA-DTA curve of compound **1**.

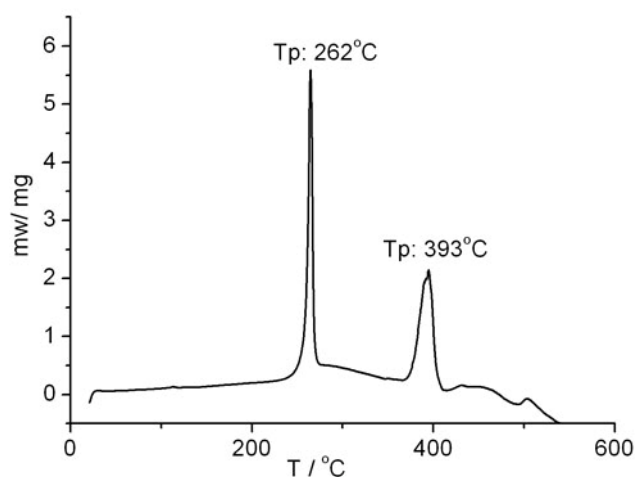

Fig. S3. The DSC curve of compound **1**.

To check the bulk purity, XRPD of compound **1** was recorded in a Bruker D8 X-ray powdered diffractometer. As shown in Fig. S4, recorded and simulated XRPD patterns in **1** are quite similar, confirming the bulk purity of the compound.

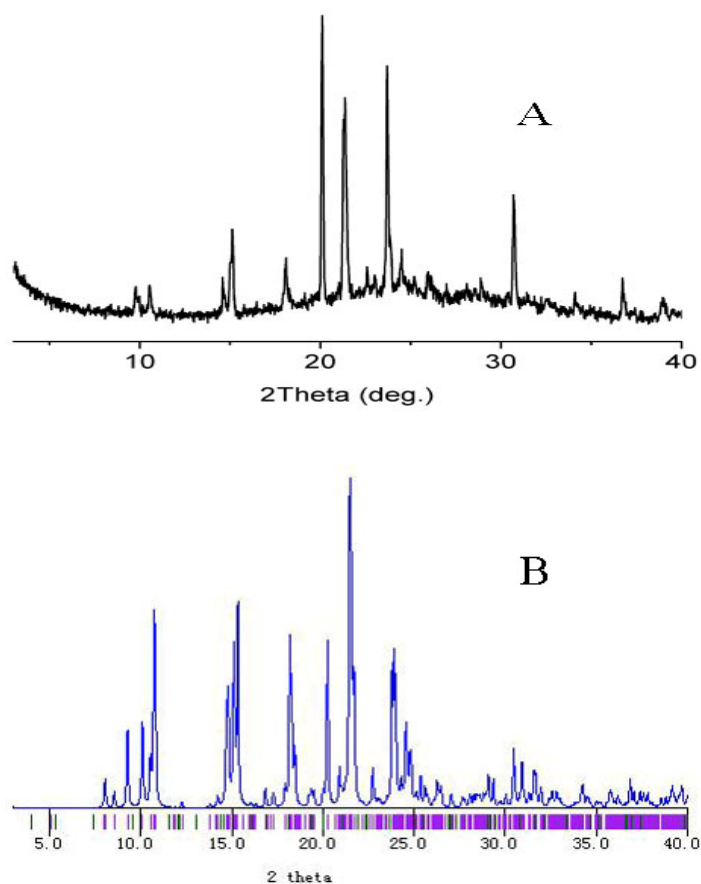

Fig. S4 The measured (A) and simulated (B) XRPD patterns for **1**
