Electronic Supplementary Material (ESI) for CrystEngComm

Hydrothermal synthesis and structural characterisation of $[H_2DABCO]_3[Cu_{16}Cl_{22}]$: a new copper(I) chloride framework

Edward R. Williams and Mark T. Weller*

Electronic Supplementary Information

X-ray diffraction powder pattern ($CuK_{\alpha 1}$ radiation) for $[H_2DABCO]_3[Cu_{16}Cl_{22}]$, showing the alignment of the major peaks, for example at ~15 ° (Predicted pattern in blue, collected pattern in green).
