

Supporting information

Table 1 The solubility of azelnidipine and the complex in water and 20% ethenol (µg/ml).

T/°C	Water		20% Ethenol	
	azelnidipine	The complex	azelnidipine	The complex
25	-	-	-	15.68
31	-	0.13	-	27.27
37	-	6.7	0.69	79.22
42	-	7.9	0.81	94.60

*The signal of “-” indicates the concentration of azelnidipine can not be detected by HPLC.
