

Supplementary figure 1. Human endostatin structure. Fragments 6-49 (red), 50-92 (blue), 93-133 (green) and 134-178 (mauve) are shown.

Supplementary figure 2. Calculated (blue) and experimental (red) values of B/B_{average} for C_{α} carbons of full-length hE.

Supplementary figure 3. Distance between the Ca atoms of N₁₆ and R₂₄.
