

Supporting Information For

**Fully printable transparent monolithic solid-state
dye-sensitized solar cell with mesoscopic indium tin
oxide counter electrode**

*Ying Yang, Kwangho Ri, Yaoguang Rong, Lingfeng Liu, Min Hu, Tongfa Liu, Xiong Li and
Hongwei Han**

*Michael Grätzel Center for Mesoscopic Solar Cells, Wuhan National Laboratory for
Optoelectronics, School of Optical and Electronic Information, Huazhong University of Science
and Technology, Wuhan, P. R. China*
