

Supplementary material

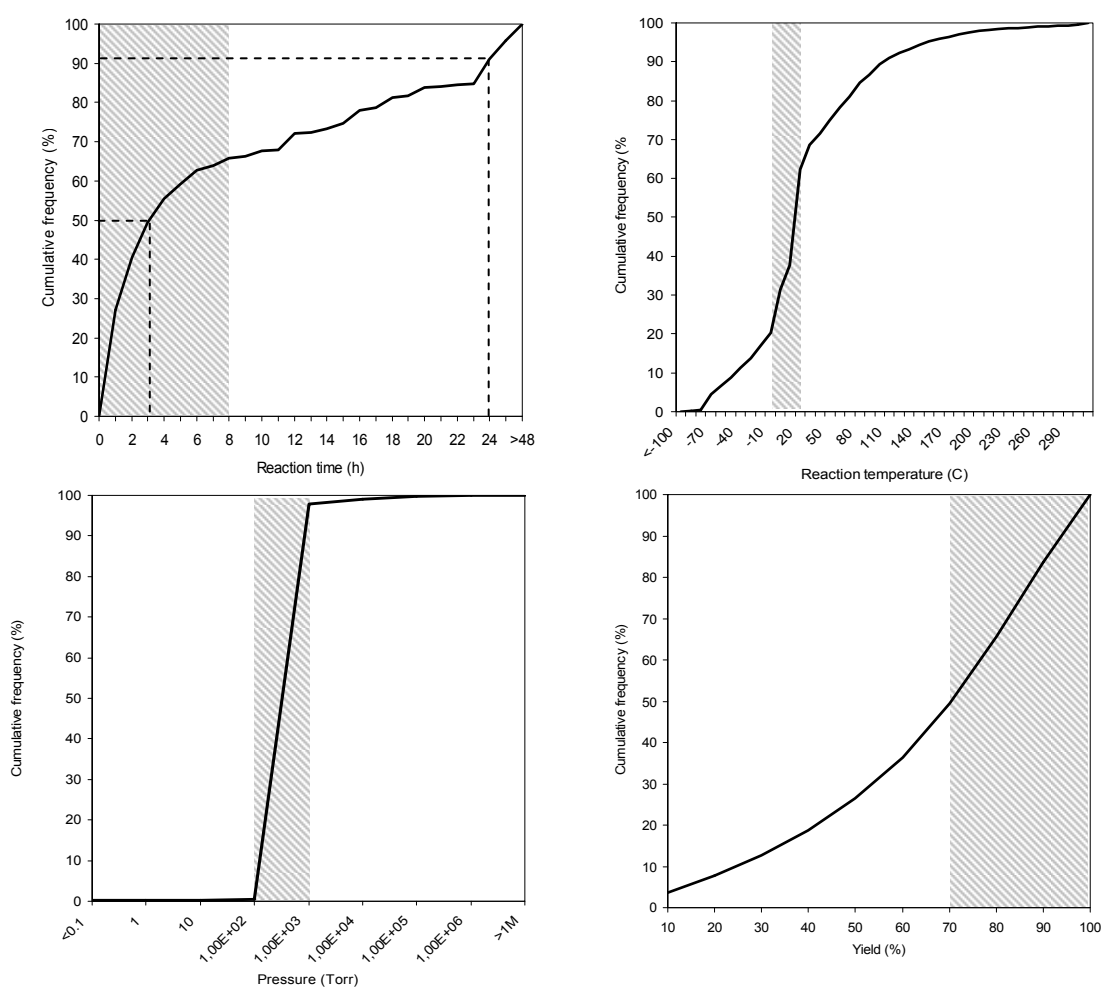

Anthropogenic reaction parameters – the missing link between chemical intuition and the available chemical space*

György M. Keserű¹, Tibor Soós¹ and C. Oliver Kappe²

¹ Research Centre for Natural Sciences, Hungarian Academy of Sciences, Budapest, Hungary

² Institute of Chemistry, Karl Franzens University Graz

Supplementary figure 1 | relative distributions of reaction parameters in Reaxys. a) reaction time; b) reaction temperature; c) reaction pressure; d) reaction yield.
