

Article

Preparative purification of corilagin from *Phyllanthus* by combining ionic liquid extraction, prep-HPLC, and precipitation

Xiaodong Hou, Zitao Cheng, Jiao Wang*

Supporting Information

Summary

This supplementary material includes additional results and information as described in the text of the main article. Including:

Contents

Page S-2: Figure S1. The standard curve of corilagin established using UPLC.

Page S-3: Figure S2. The orthogonal design for corilagin extraction content using [BMIm]Br with observed responses.

Page S-4: Figure S3. HRESI-MS spectrum of corilagin.

Page S-5: Figure S4. ¹H NMR of corilagin.

Page S-6: Figure S5. ¹³C NMR of corilagin.
