Intermolecular interactions in hydrates of 4-methylpiperidine and 4-chloropiperidine – a structural and computational study

by Paweł Socha, Bernadeta Prus, Łukasz Dobrzycki, Roland Boese and Michał K. Cyrański

Numbering scheme and displacement ellipsoid at 50% probability level for obtained hydrates measured at different temperatures.

Hirshfeld fingerprint plots for a) 4-chloropiperidine monohydrate at 100 K , all contacts b) 4-chloropiperidine monohydrate at 100 K , the Cl...Cl contacts, c) 4-chloropiperidine trihydrate at 100 K, all contacts b) 4-chloropiperidine trihydrate at 100 K , Cl...Cl contacts.
