

Supplementary Information

Section 1: Raman spectra of the bladder cell lines

Mean spectra of the 6 cell lines -

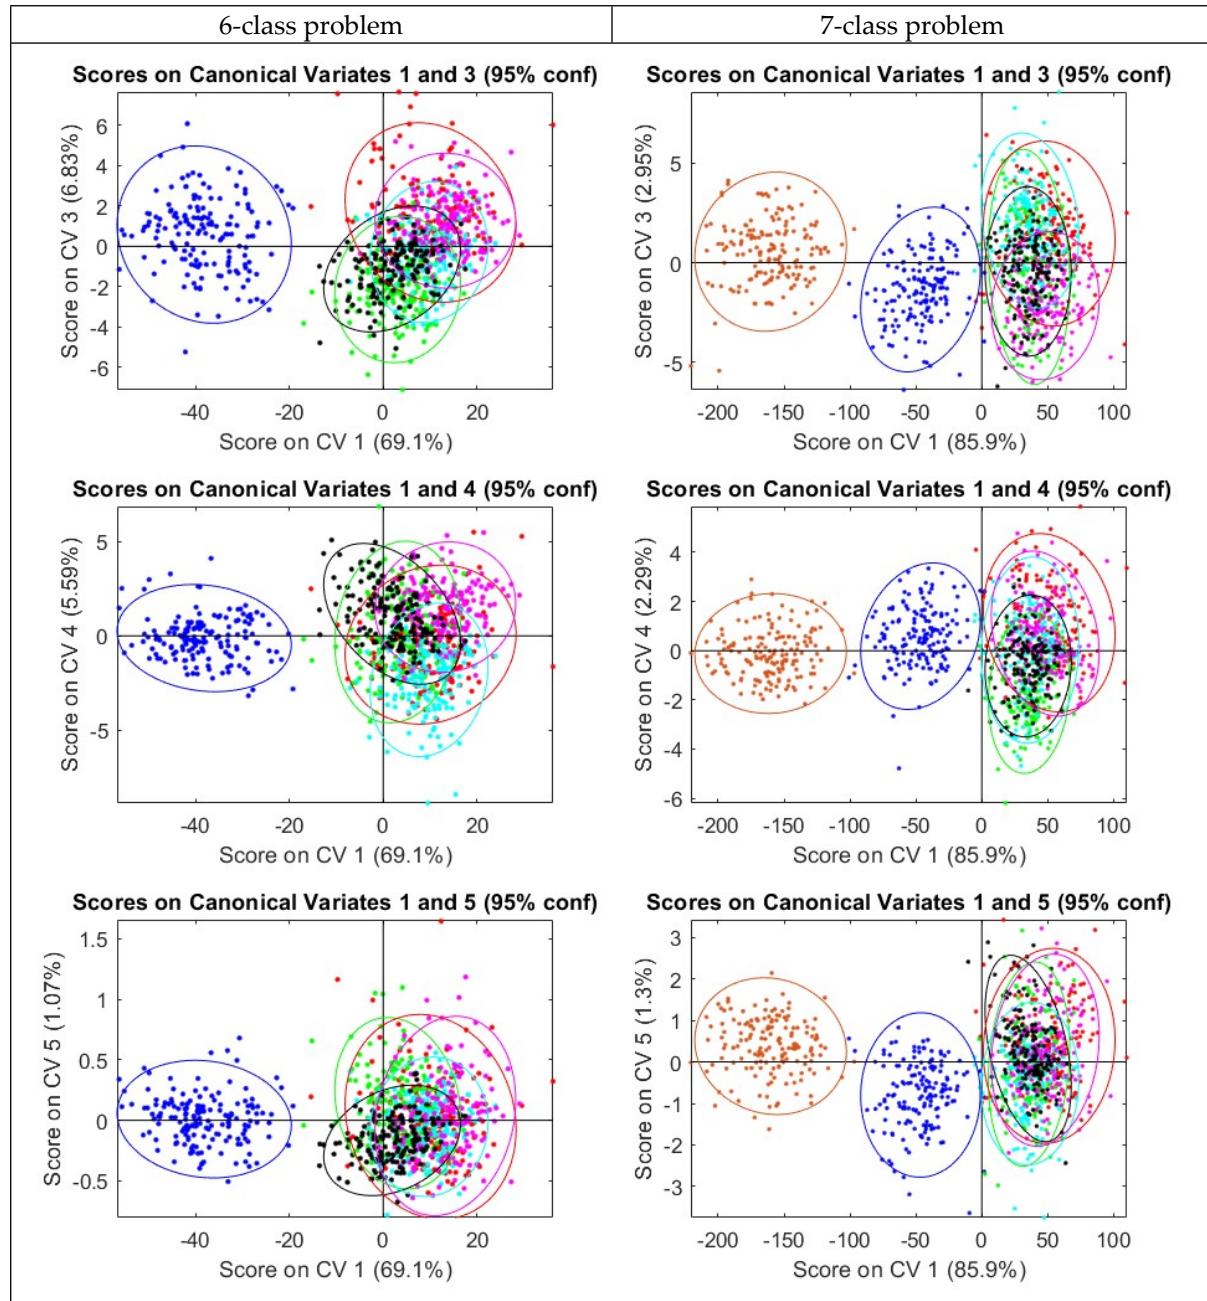

Mean spectra of the 6 cell line with the cisplatin resistant T24 cell line

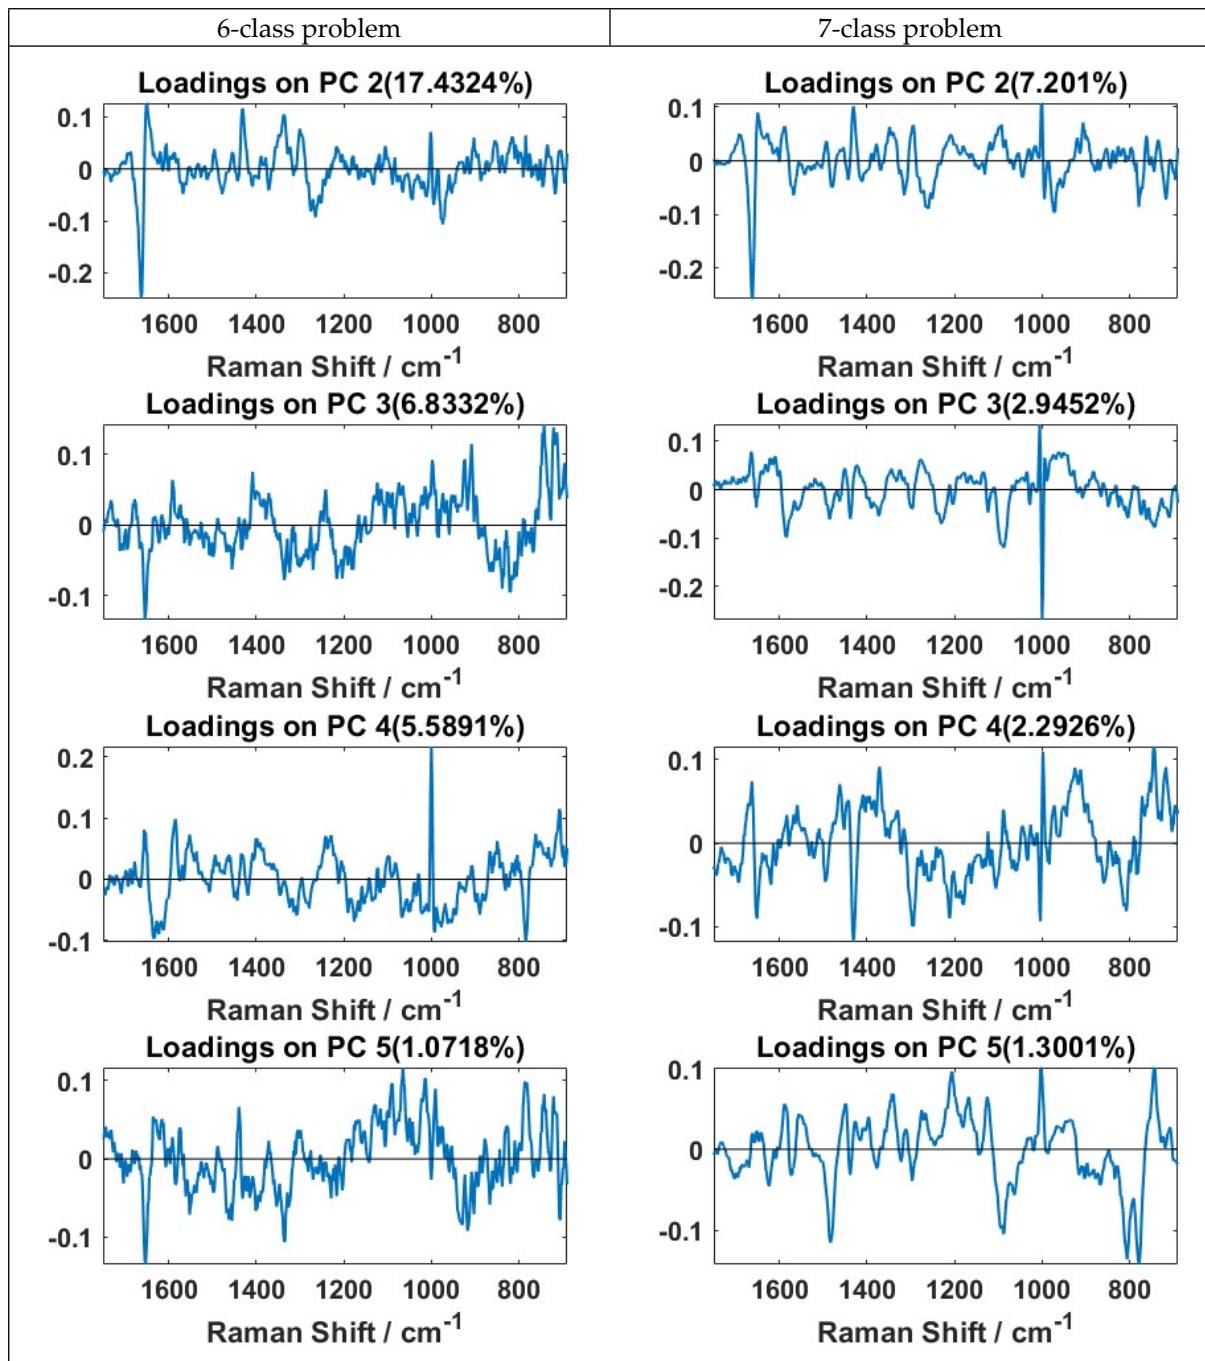

Section 2: Other PC-CVA results

Other Scores plot – all other AVs against CV1

Other CV loadings

Section 3: Classification results of the six bladder cell lines.

The confusion matrixes (in percentage) of the 5-fold PC-CVA cross validation:

		True Condition
