## 2.1 Materials

PVC was provided by Shandong Langhui Petrochemical Co., Ltd (Shandong, China). Four different plasticizers were procured from Shanghai Aladdin Biochemical Technology Co., Ltd (Shanghai, China). Tetrahydrofuran (THF) was sourced from Sinopharm Chemical Reagent Co., Ltd (Shanghai, China). Carboxymethylcellulose Sodium (CMC-Na) was purchased from Tianjin Kemeiou Chemical Reagent Co., Ltd. Pentobarbital Sodium was acquired from Beijing Fangcheng Biological Co., Ltd. Formalin Solution was obtained from Servicebio in Wuhan (Product Code: G1101). Hematoxylin and Eosin (HE) Staining was purchased from Solarbio in the United States (Product Code: G1120). Other materials were utilized as received without the need for additional purification.

## 2.2 Characterizations

The morphologies of plasticizer/PVC surface and their corresponding fracture surface were conducted by 3D profilometer (Super View W1, China) and SEM (JSM-6610LV, Japan). Fourier-transform infrared spectra (FTIR) were obtained using an FTIR spectrometer (Nicolet 6700, USA) within the range of 400-4000 cm<sup>-1</sup>, with a resolution of 0.5 cm<sup>-1</sup>. Thermogravimetric analysis (TGA) was conducted utilizing a TGA instrument (STA 449 F3, Germany).

| Designation           | Number of molecules | Number of molecules | Cell size (Å <sup>3</sup> ) | Density              |
|-----------------------|---------------------|---------------------|-----------------------------|----------------------|
| Designation           | (PVC)               | (plasticizer)       |                             | (g/cm <sup>3</sup> ) |
| S <sub>ATBC/PVC</sub> | 4                   | 61                  | 41.85×41.85×41.85           | 1.123                |
| S <sub>ESO/PVC</sub>  | 4                   | 32                  | 45.36×45.36×45.36           | 1.121                |
| S <sub>TCP/PVC</sub>  | 4                   | 67                  | 43.53×43.53×43.53           | 1.180                |
| S <sub>DOP/PVC</sub>  | 4                   | 63                  | 43.76×43.76×43.76           | 1.138                |
