

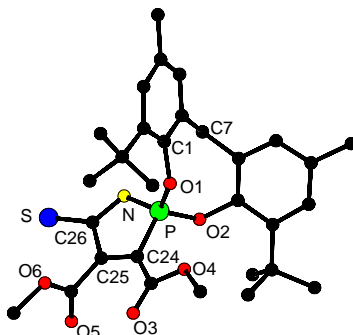

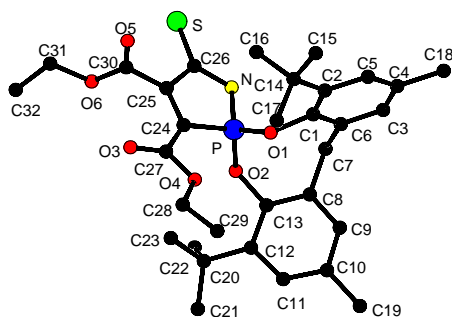

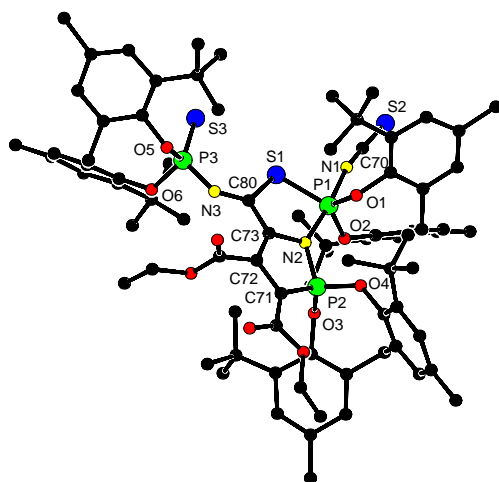

**Fig. 1.** Molecular structure of **1** showing all non-hydrogen atoms.

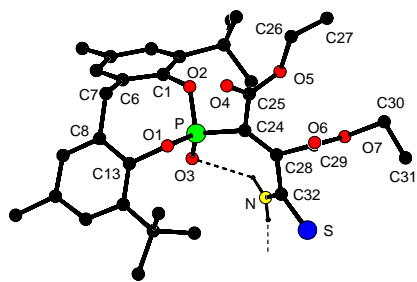

**Fig. 2.** Molecular structure of **2** showing all non-hydrogen atoms. Only selected atoms labelled.

**Fig. 3.** A drawing of  $3.C_6H_5CH_3$  showing only the non-hydrogen atoms; solvent atoms are not shown. Only selected atoms labelled.

**Fig. 4.** Molecular structure of  $5.2CH_2Cl_2$ ; solvent and hydrogen atoms are omitted. Only selected atoms are labelled.

**Fig. 5.** A drawing showing the molecular structure of **8**. All hydrogen atoms except those on nitrogen are omitted for clarity.
