

Unravelling The Chemical Nature Of Copper Cuprizone

Luigi Messori^{a,}, Angela Casini^a, Chiara Gabbiani^a, Lorenzo Sorace^a,
Maurizio Muniz-Miranda^a and Paolo Zatta.^b*

Supplementary Material

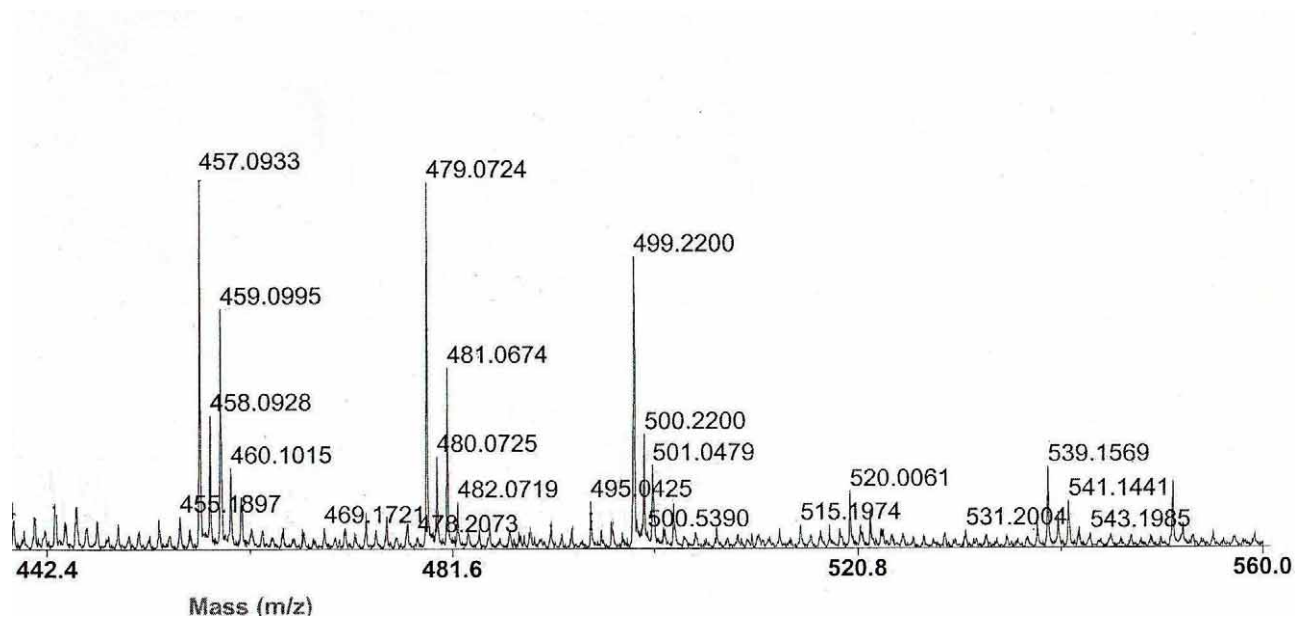

Figure S1 Detail of the ESI MS spectra of the complex recorded in the positive ion mode.

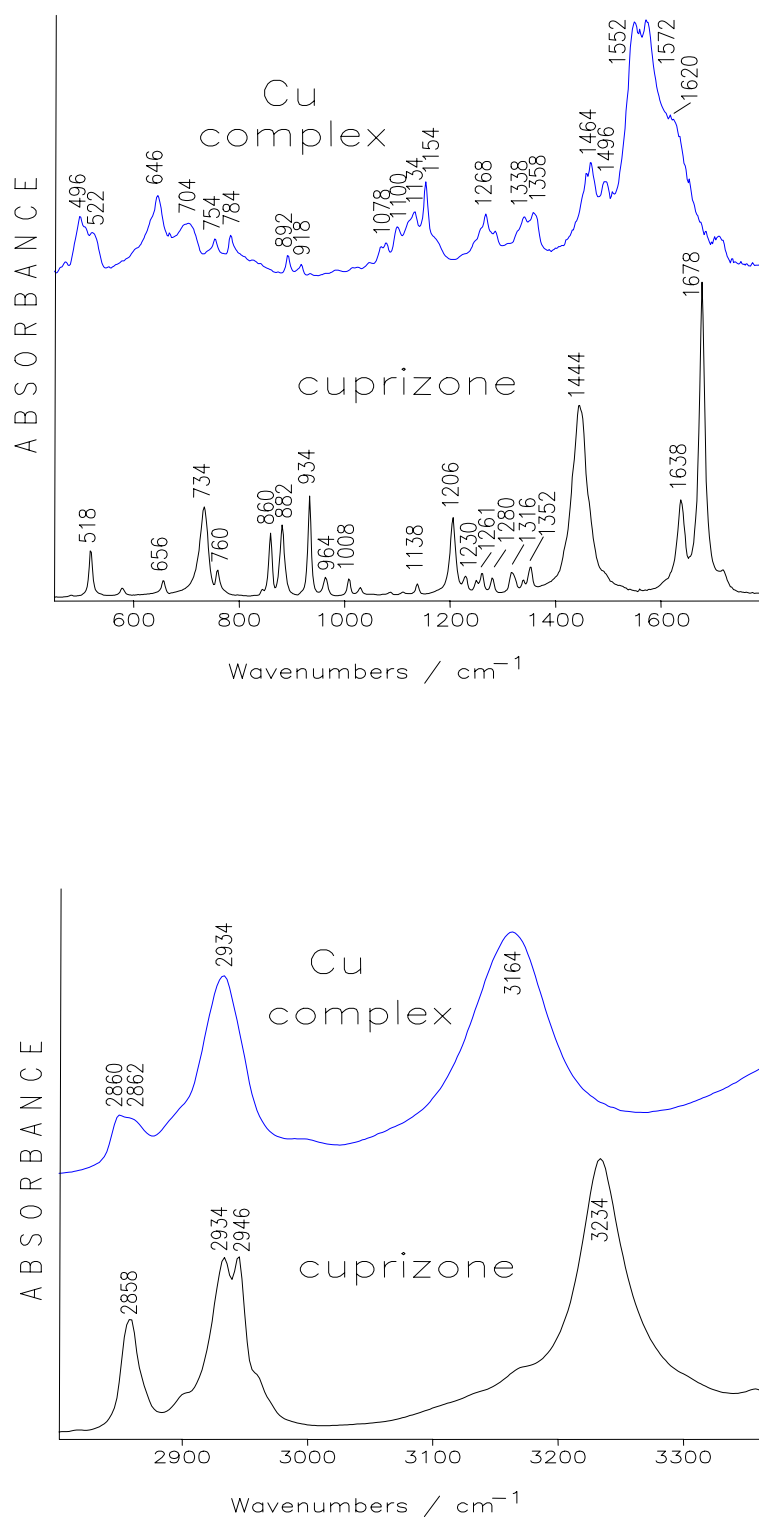

Figure S2 IR spectra of cuprizone and of the Cu/CPZ complex

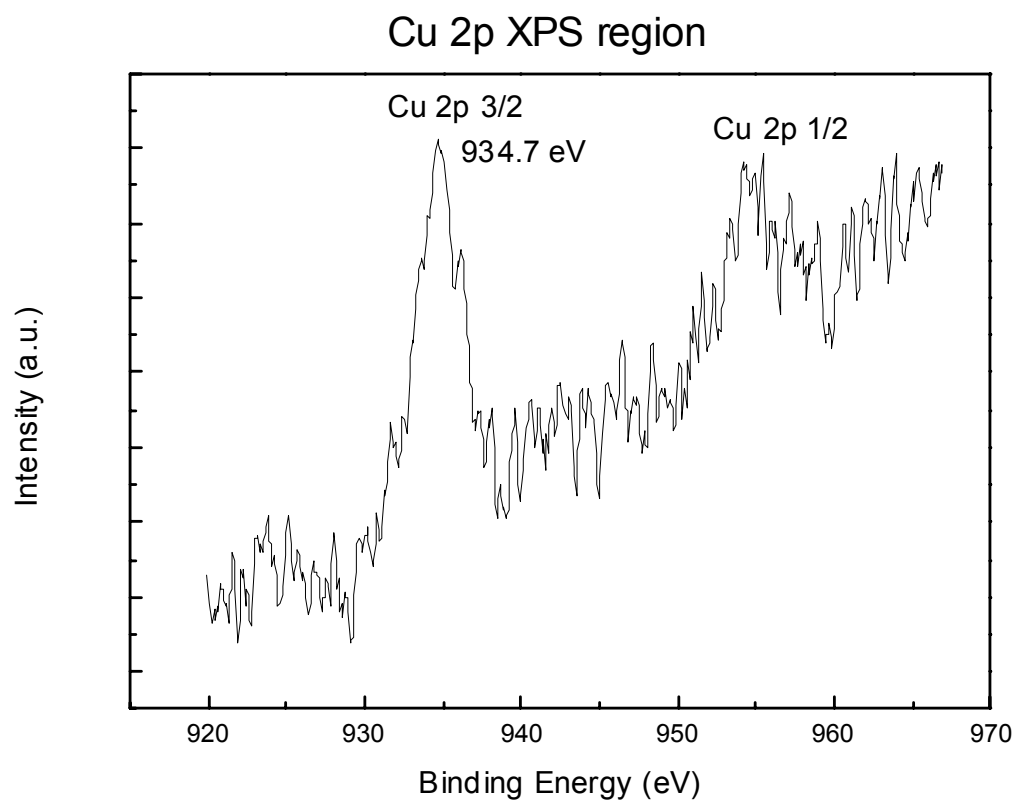

Figure S3 XPS spectrum of the Copper-CPZ complex. Copper 2p region.
