

The first 3-dimensional assemblies of organotin-functionalized polyanions

Luis Fernando Piedra-Garza, Santiago Reinoso, Michael H. Dickman, Michael M. Sanguineti, and

Ulrich Kortz*

School of Engineering and Science, Jacobs University, P. O. Box 750 561, 28725 Bremen, Germany

Supporting Information

Fig. S1. Infrared spectra of **1** – **3**.

Fig. S2. Thermogravimetric curves of **1** – **3**.

Fig. S3. Detail of the crystal packing of **3** viewed along the [111] direction. Color code: WO₆ octahedra, white; SiO₄ tetrahedron, light grey; C, black; O, dark grey; Sn, grey.
