

Electronic Supporting Information for:

Spontaneous Crystallization of a New Chiral Open-Framework Borophosphate in the Isothermal System

Hongzhu Xing, Yi Li, Tan Su, Jin Xu, Weiting Yang, Enbo Zhu, Jihong
Yu* and Ruren Xu

Contents:

Figure S1. Experimental and simulated powder X-ray diffraction patterns for JIS-2

Figure S2. Thermal ellipsoid plots (50% probability) and atomic labeling scheme of JIS-2

Figure S3. A drawing showing the environment of the ammonium cations and the hydrogen bonding.

Figure S4. Thermogravimetric curve of JIS-2

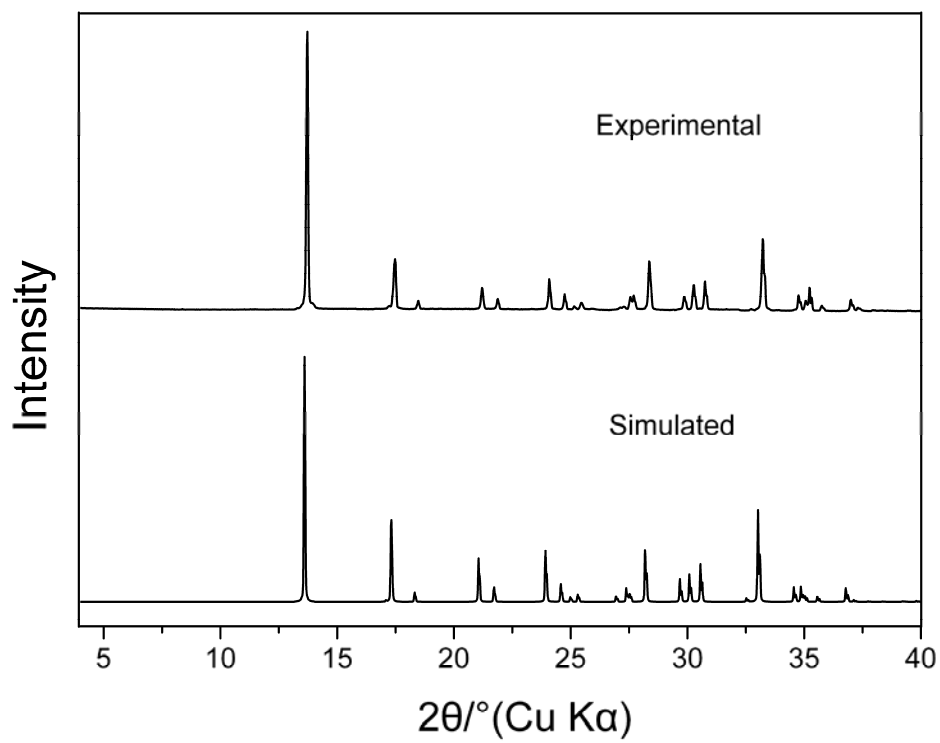

Figure S1.

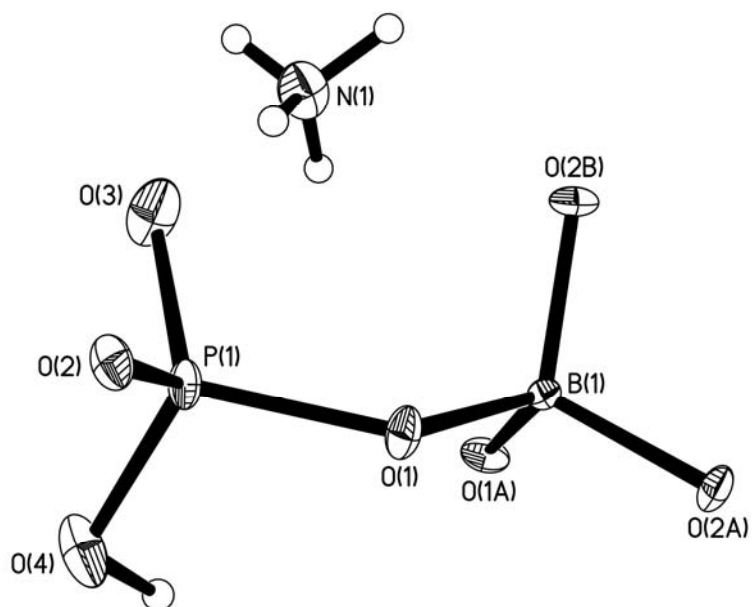

Figure S2.

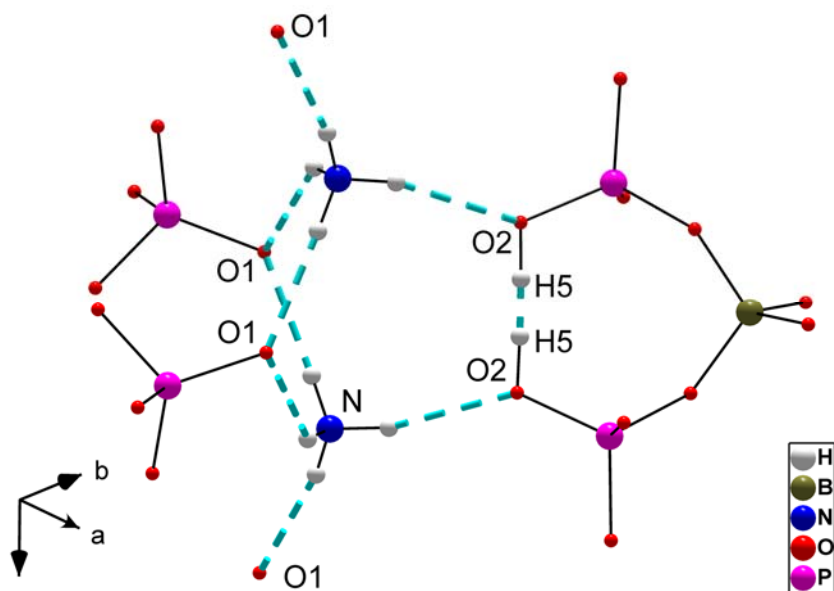

Figure S3.
