

Electronic Supplementary Information (ESI) for:

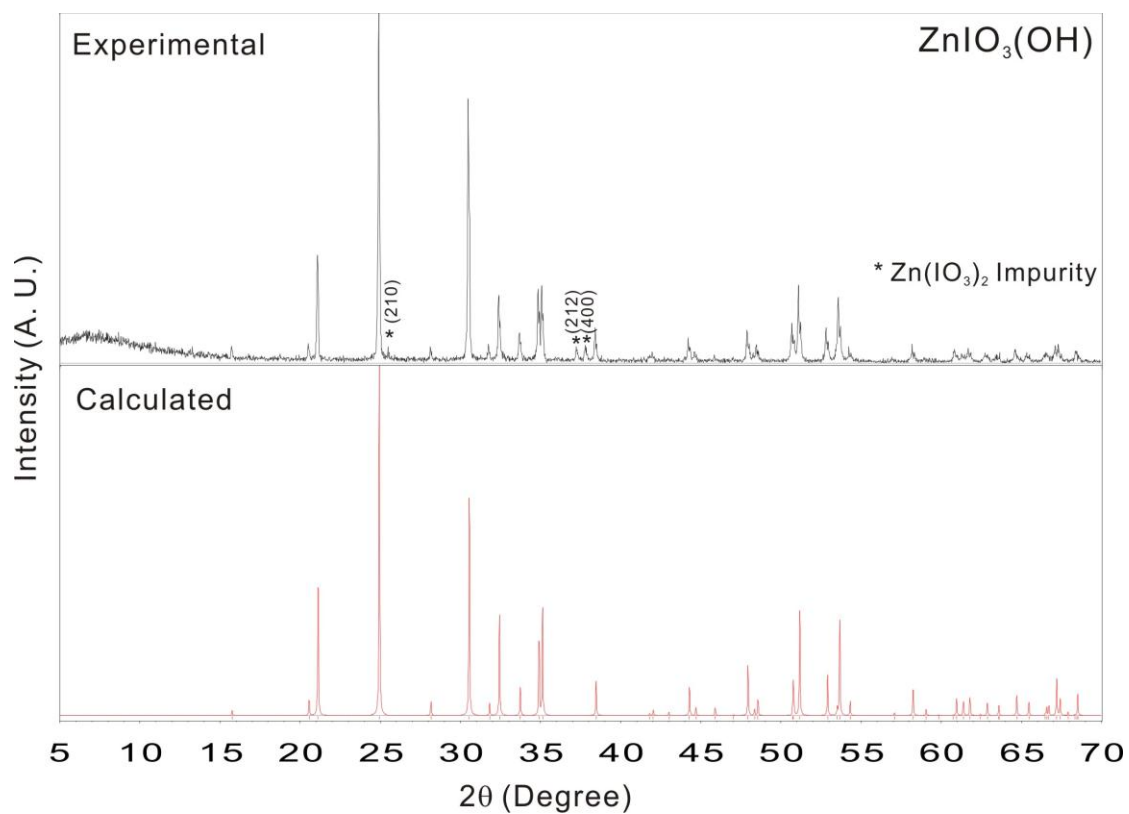

ZnIO₃(OH): A new layered noncentrosymmetric polar
iodate - hydrothermal synthesis, crystal structure, and
second-harmonic generating (SHG) properties

*Dong Woo Lee, Saet Byeol Kim, and Kang Min Ok**

Department of Chemistry, Chung-Ang University, 221 Heukseok-dong, Dongjak-gu, Seoul 156-756,
Republic of Korea

- S1. Experimental and calculated powder X-ray diffraction patterns for ZnIO₃(OH)
- S2. IR spectrum for ZnIO₃(OH)

S1. Experimental and calculated powder X-ray diffraction patterns for $\text{ZnIO}_3(\text{OH})$

S2. IR spectrum for $\text{ZnIO}_3(\text{OH})$
