

Supplementary file S7:

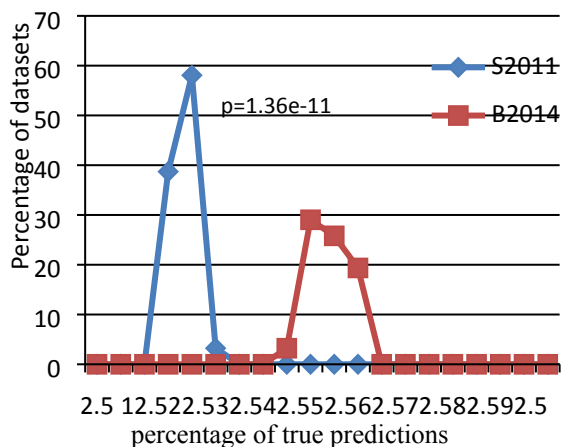

True predictions percentage for Adrenal cancer in S2011 and B2014

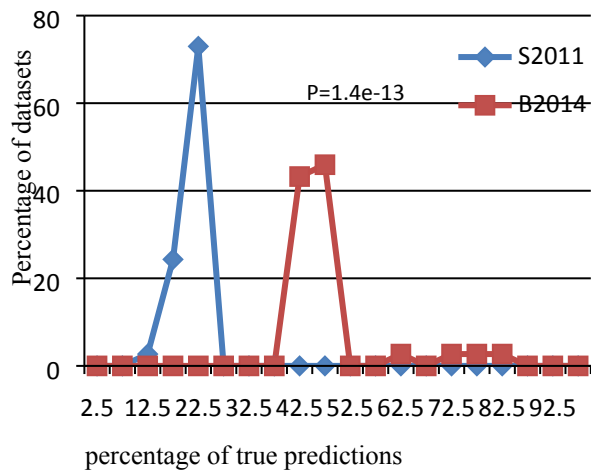

True predictions percentage for Ovarian cancer in S2011 and B2014

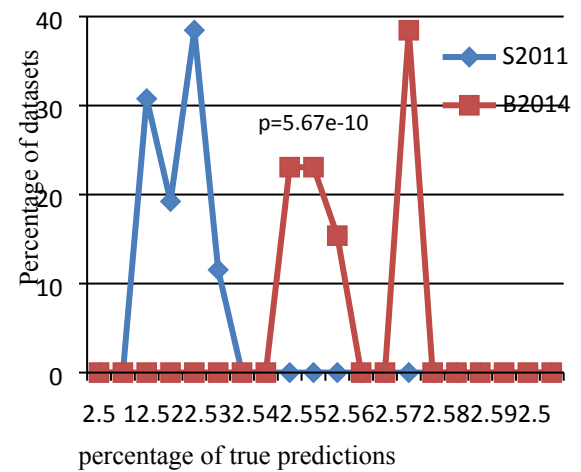

True predictions percentage for Melanoma cancer in S2011 and B2014

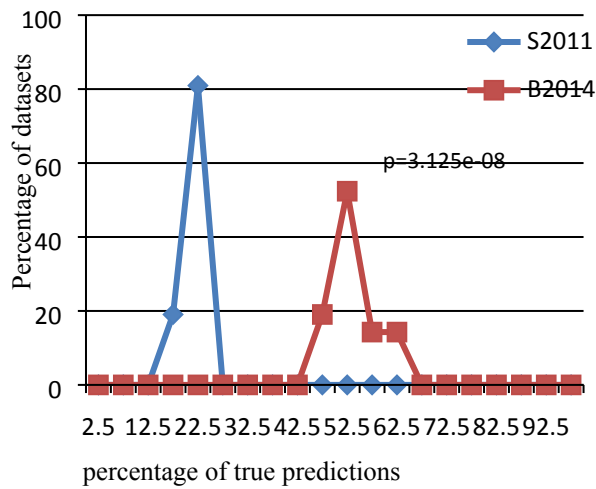

True predictions percentage for Lymphoma cancer in S2011 and B2014

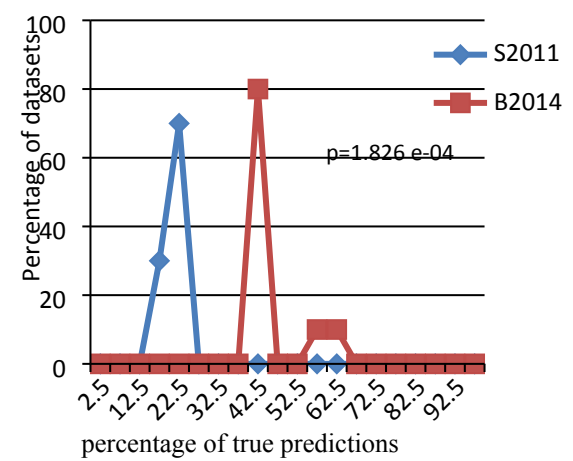

True predictions percentage for Colon and Colorectal cancer in S2011 and B2014

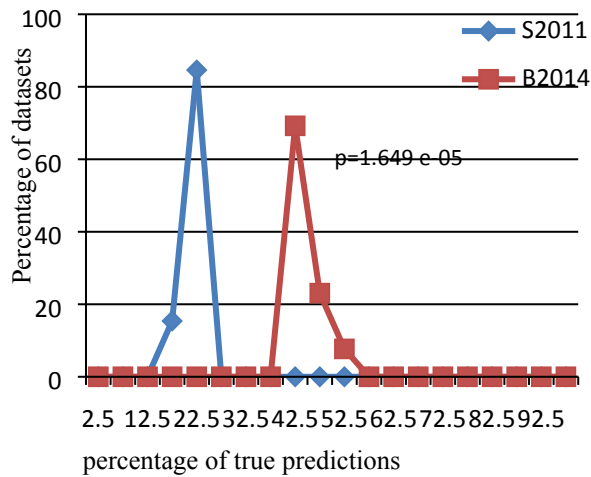

True predictions percentage for Leukemia cancer in S2011 and B2014

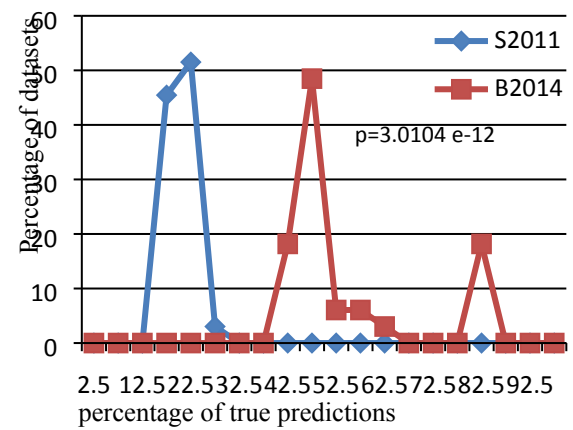

True predictions percentage for Prostate cancer in S2011 and B2014

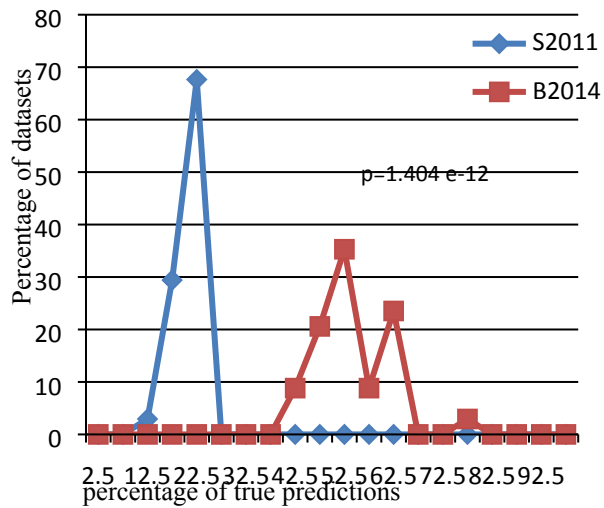

True predictions percentage for Pancreas cancer in S2011 and B2014

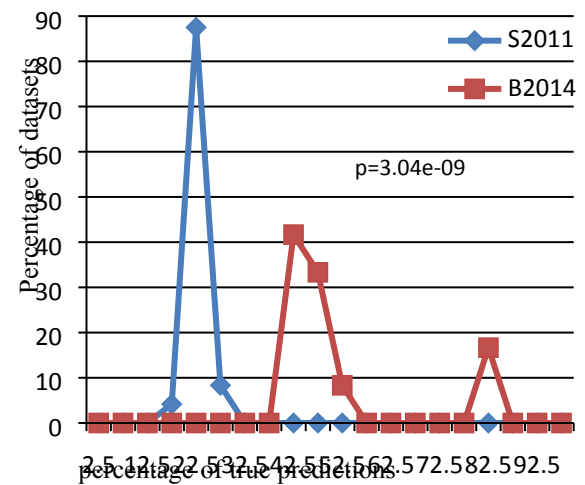

True predictions percentage for Sarcoma cancer in S2011 and B2014

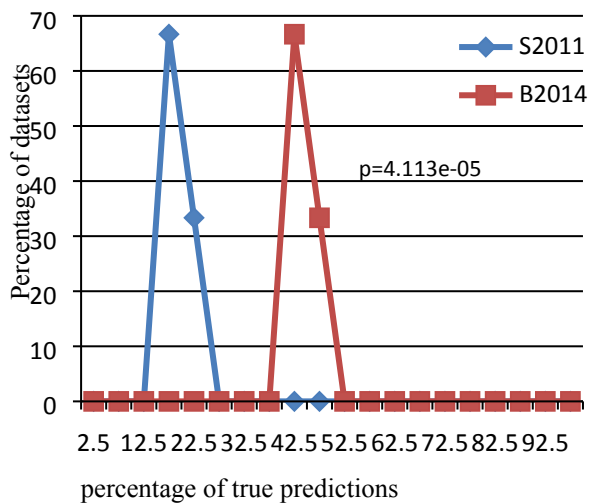

True predictions percentage for Lung cancer in S2011 and B2014

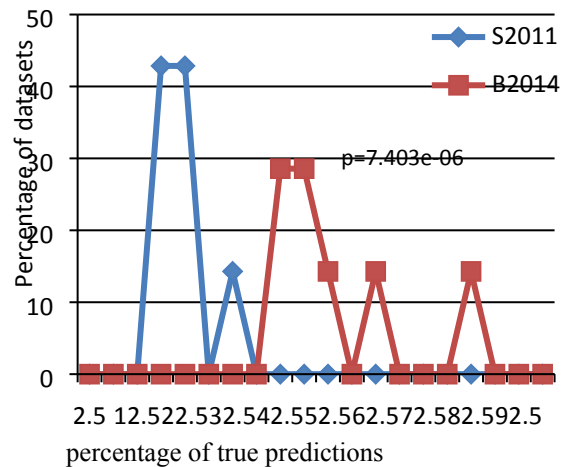

True predictions percentage for Brain cancer in S2011 and B2014

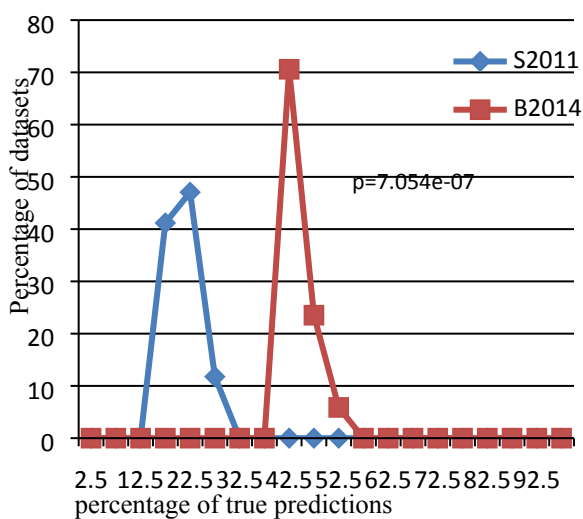

True predictions percentage for Renal cancer in S2011 and B2014

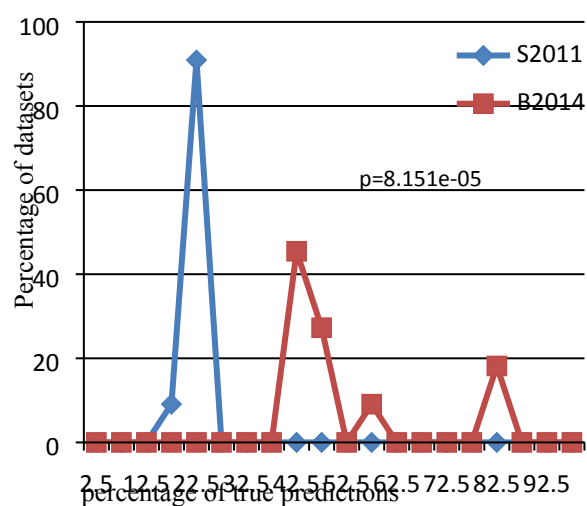

True predictions percentage for Cervix cancer in S2011 and B2014

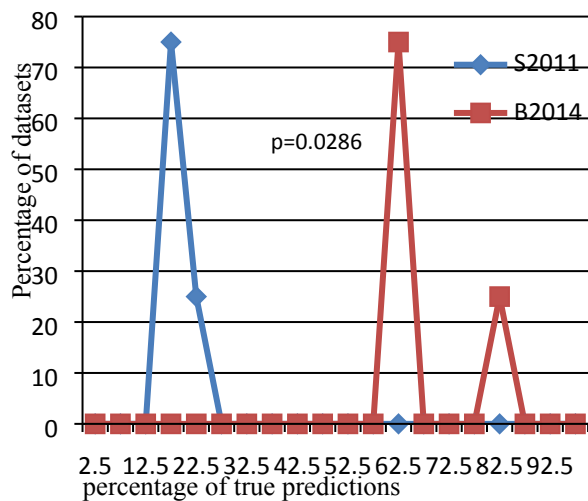

True predictions percentage for Bladder cancer in S2011 and B2014

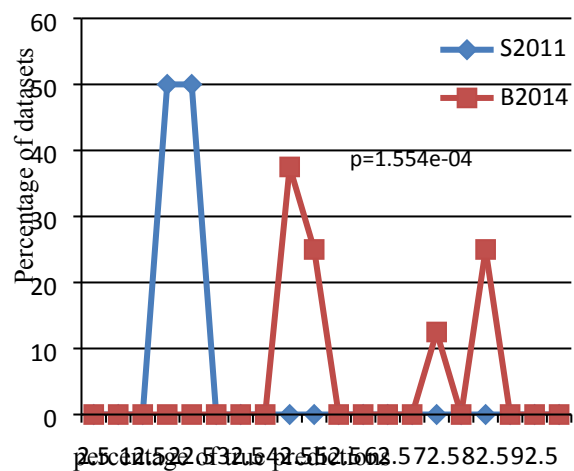

True predictions percentage for Gastric cancer in S2011 and B2014

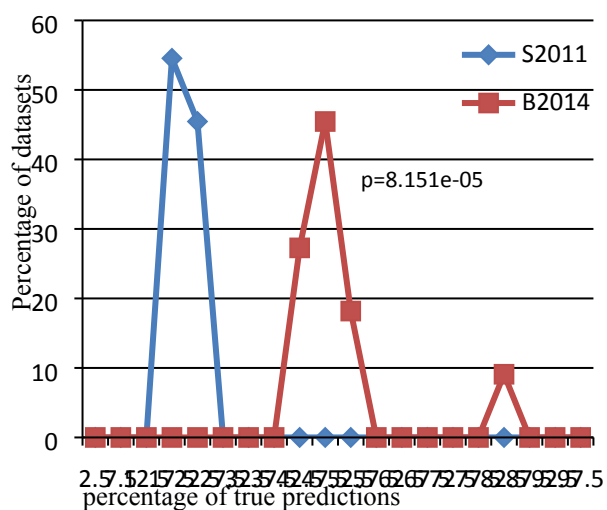

True predictions percentage for Liver cancer in S2011 and B2014

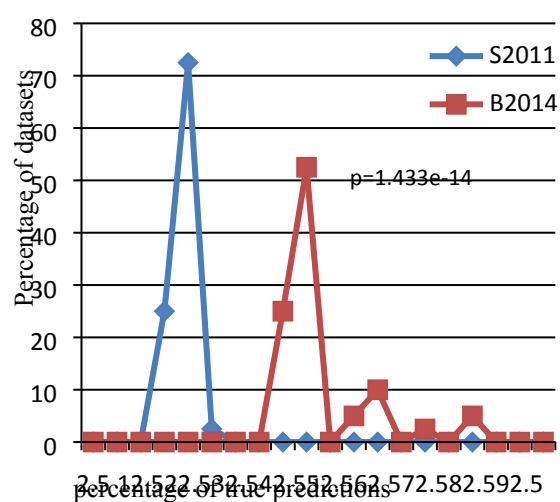

True predictions percentage for Uterus cancer in S2011 and B2014

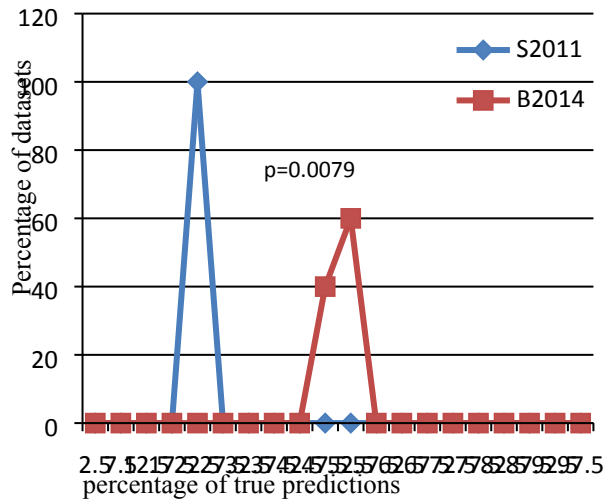

True predictions percentage for Melanoma cancer in S2011 and B2014

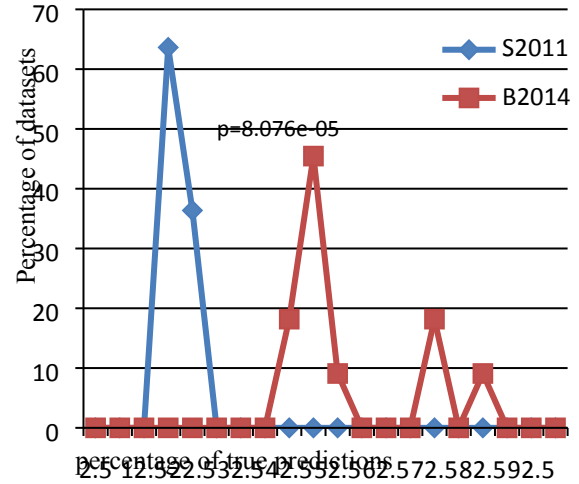

True predictions percentage for Head and neck cancer in S2011 and B2014

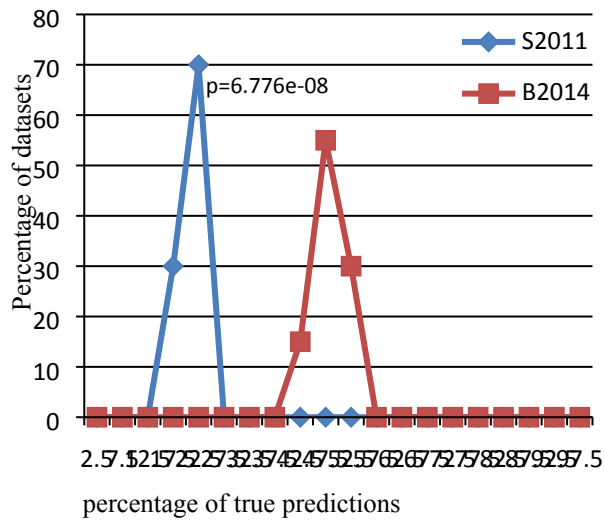

True predictions percentage for Breast cancer in S2011 and B2014

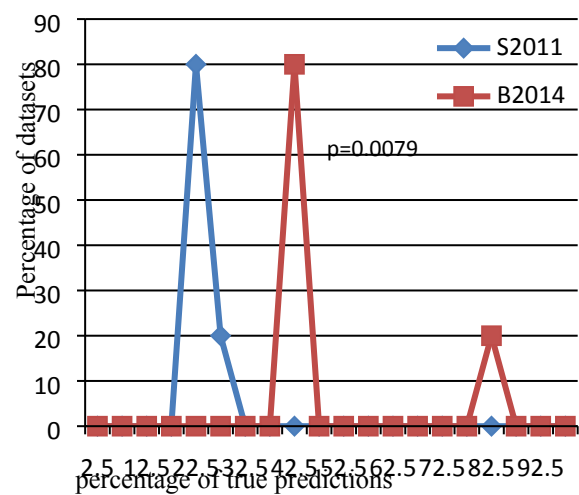

True predictions percentage for Testis cancer in S2011 and B2014

True predictions percentage for Esophagus cancer in S2011 and B2014

True predictions percentage for Thyroid cancer in S2011 and B2014

True predictions percentage for Seminoma cancer in S2011 and B2014
