

## Supporting Information Part

### Reactive Polymeric Micelles with Disulfide Groups in the Coronae

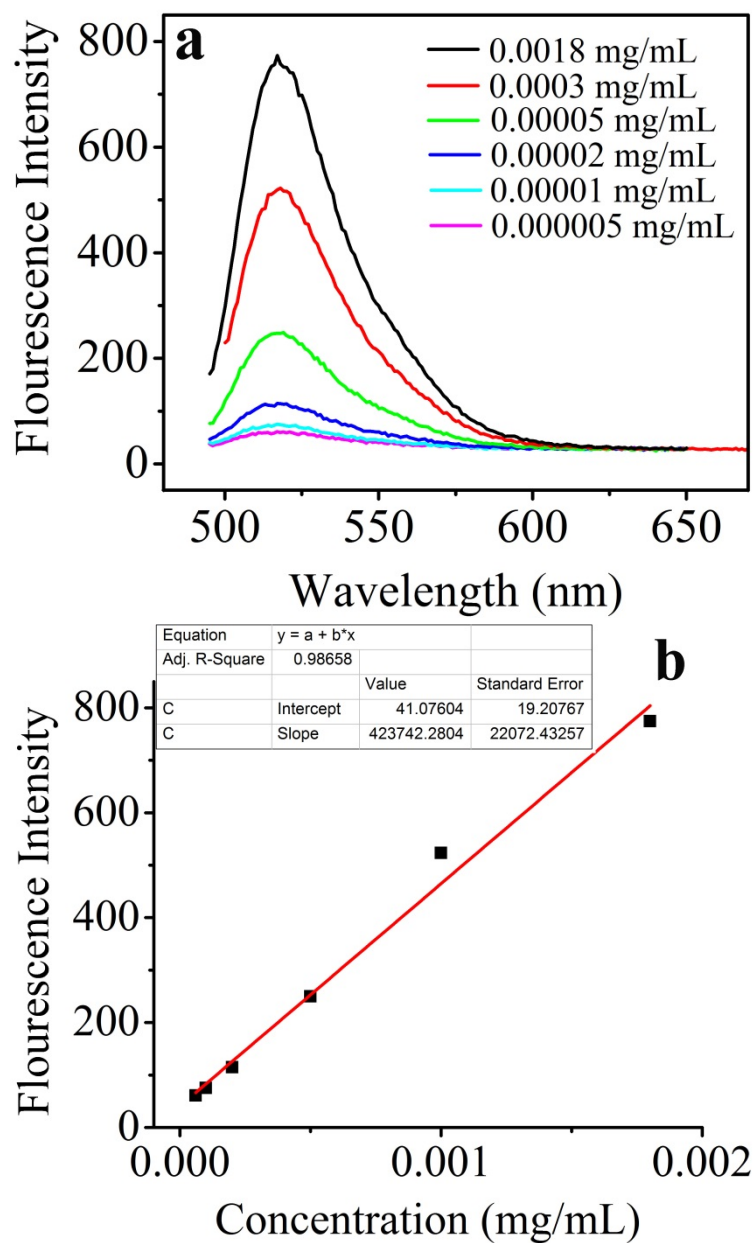

Lichao Sun, Jinchuan Liu, Hanying Zhao

**Figure S1.** (a) Absorptions of pyridine-2-thione in THF at different concentrations, (b) a standard curve of absorbance of pyridine-2-thione vs. concentration in THF.

**Figure S2.** (a) Absorptions of pyridine-2-thione in PBS buffer solution at different concentrations, (b) a standard curve of absorbance of pyridine-2-thione vs. concentration.

**Figure S3.** (a) Emission spectra of FITC recorded at different concentrations in buffer solution, (b) a plot of intensity of fluorescence emission of FITC vs. concentration.
