

“Novel Graphene Oxide/Manganese Oxide Nanocomposites”

Jacek B. Jasinski, Dominika Ziolkowska, Monika Michalska, Ludwika Lipinska, Krzysztof P. Korona, and Maria Kaminska

Supplemental Information

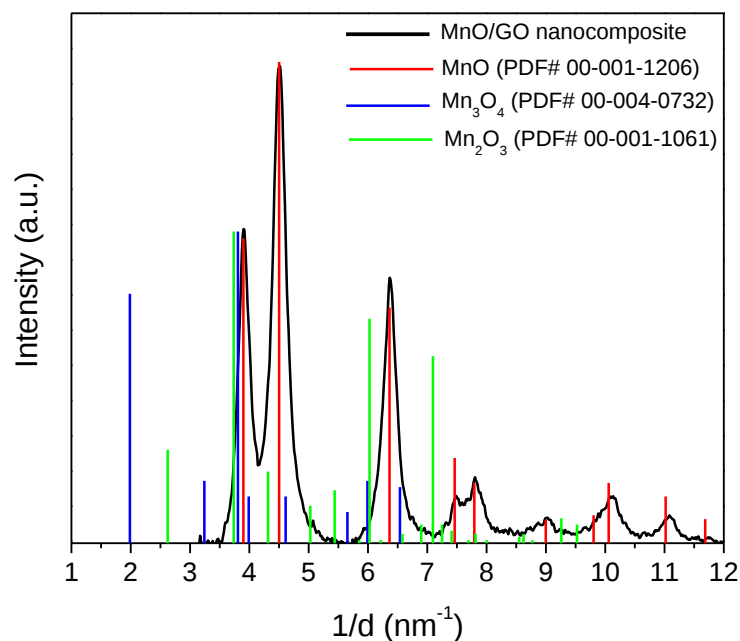

Fig. S1. SAED radial intensity distribution for MnO/GO nanocomposite (black) and ICDD PDF data for MnO (red), Mn₃O₄ (blue) and Mn₂O₃ (green).

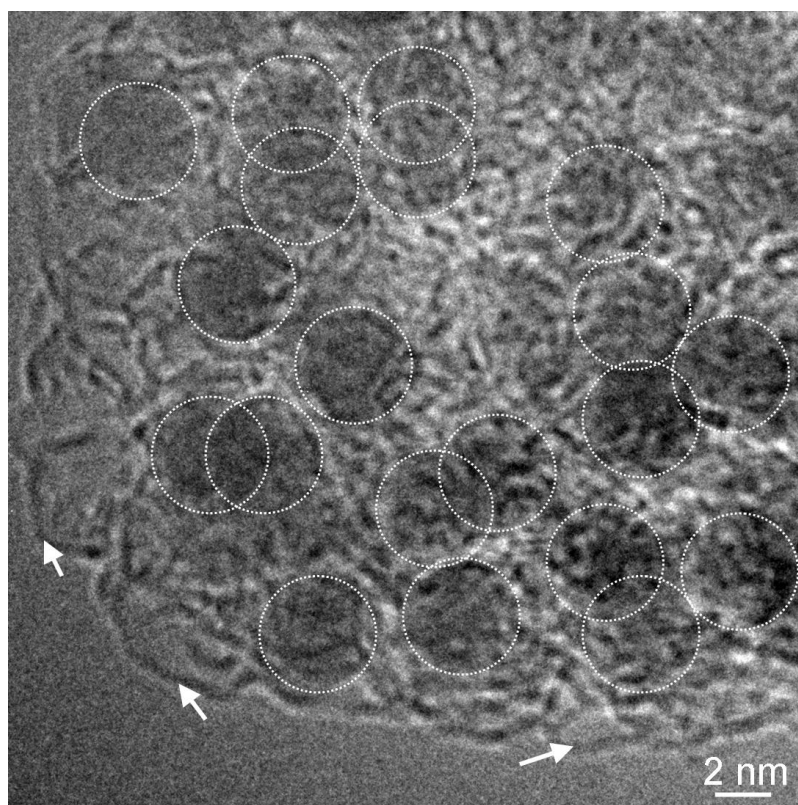

Fig. S2. HRTEM image of MnO/GO nanocomposite. A few GO layers extending to the edge of the flake are marked with arrows. Most of the MnO nanoparticles included in the image are shown with circles.
