Tuning and Optimizing the Intrinsic Interactions between Phthalocyanine-based PPV Oligomers and Single-Wall Carbon Nanotubes Toward N-Type / P-Type

Juergen Bartelmess, Christian Ehli, Juan-José Cid, Miguel García-Iglesias, Purificación Vázquez, Tomás Torres and Dirk M. Guldi

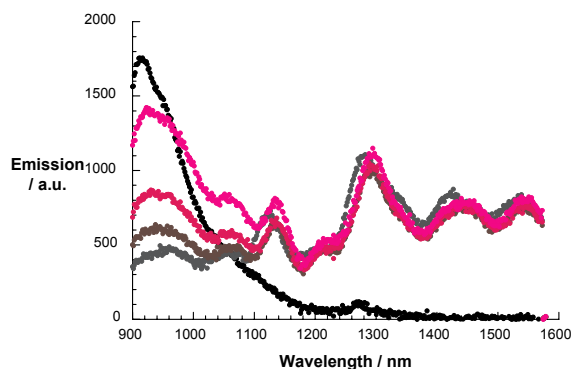

Figure S1 NIR fluorescence spectra of **1** (black), SWNT suspended in THF (grey) and titration of these SWNT with **1** (brown to purple).

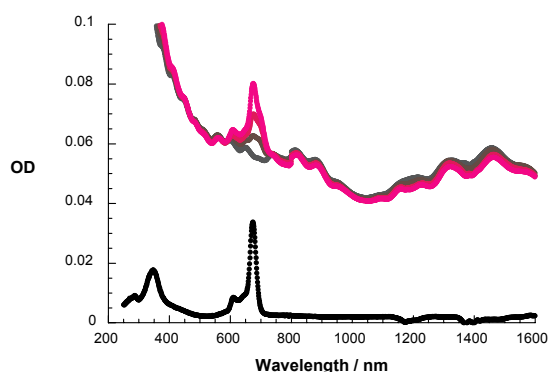

Figure S2 Absorption spectra of **1** (black), SWNT suspended in THF (grey) and titration of these SWNT with **1** (brown to purple).
